Your execution or completion and submission of the Account Application Form will be treated as your informed acknowledgment that you have carefully read, and you are prepared to accept, the significant risks outlined in the PDS. If there is anything you do not understand, it is recommended that you seek specialist independent financial or legal advice, in particular regarding the suitability of dealing in Financial Products offered by the Company.

If you pay us (other than by deposit into the client moneys trust account) more than needed for your Margin obligations, we will treat all of it as payment for Margin. If the amount of Margin paid to the Company is in excess of the required amount of Margin, you may request payment of the excess (see sub-clause 10.4) or we may at our discretion do that from time to time.

CFD Contract and CFD(s) means an OTC contract which is a 'contract for differences', whose settlement obligation is a single amount owing calculated by reference to fluctuations in the price of the relevant underlying security or value of index. Trading in CFDs is trading on the outcome of the price of an underlying exchange instrument (e.g. an equity, currency or futures), whereby such trading does not occur on a recognised or regulated exchange. Margin is not paid to the Company unless and until either it has been withdrawn from the client money trust account or it has otherwise been paid to the Company.

Margin Call means a mandatory request issued by us to you to increase the amount of Margin paid for the Client's account. If the Margin posted in an account is below the minimum Margin requirement, we may, but have no obligation whatsoever, issue a Margin Call and in this case the Client must increase the amount deposited in the Client's account, otherwise pay the Company by an approved method, close out the Client's position(s) or a combination of that. If the Client does not do any of the aforementioned and the account reaches the defined Stop-out Level, we may close all open positions. It should be noted that our Online Trading Facility operates with an automated risk monitoring, Margin Call and Stop-out facility designed to monitor the overall utilization of Clients' available Margin in support of our prevailing Margin requirements for the transactions they are entering into via our Online Trading Facility. Using this automated risk monitoring, Margin Call and Stop-out facility, we will, unless otherwise stated, apply initial, maintenance or close out Margin Call at the prevailing Margin Call or Stop-out levels, as stated from time to time on our Online Trading Facility;

Margin Call Level means the Margin Level required to maintain your open positions, which is currently set at 100% of the Margin required to maintain your open positions. Accordingly, if the equity in your account drops to 100% of the Margin Level required to maintain your open positions, you will receive a Margin Call. This must be paid and it serves as a warning that the equity in your account is not enough to support your open positions. At this point, you will not be able to take any new position and you will have the option to deposit sufficient money in order to maintain your open positions or to close out some or all of your position(s). When you have losing positions, your Margin Level will go down and may become close to the Margin Call Level. When you have winning positions, your Margin Level will go up and the Margin Call Level may become more remote.

Margin FX means an over-the-counter derivative product which enables traders to leverage a small margin deposit for a much greater market effect in relation to currencies. A foreign exchange contract involves the exchange of one currency for another. Margin FX differs from spot and forward foreign exchange trading in that they are legally classified as derivatives rather than foreign exchange contracts, and are cash settled (i.e. no physical delivery is available) by adjustments to your account. Margin FX trading generally involves taking forward positions in a foreign currency and instead of those contracts being settled by exchange of the relevant currencies, the positions are "closed out". Closing out involves entering into equal and opposite

position with us, which generates a profit or loss on the transaction, which is then settled between us by adjustments to your account. The resulting profit or loss of the trade is the net result of the difference between the opening and closing exchange rates of each transaction, adjusted for transaction fees, charges and costs.

Margin Level means an index calculated as follows: $\text{Equity} / \text{Margin}$.

Margined Transaction means any CFD or Margin FX transaction liable to Margin requirements.

Market Disruption means, with respect to any Financial Product, the occurrence of any event or condition which in our good faith opinion (a) has a material influence on the liquidity of, or volatility of foreign exchange rates for, the relevant underlying instrument; (b) a material influence on the settlement of transactions in relevant underlying products and, therefore, on the settlement of related Financial Products; or (c) impairs our ability to provide price quotes which reflect the supply and demand for relevant Financial Product, due to the fact that the settlement of the relevant underlying product is impaired.

Market Disruption includes but not be limited to, the imposition by any government authority, central bank or multinational organization of material restrictions or limitations on the trading, transfer or settlement of transactions in any underlying product(s) (such as, the imposition of price controls, currency exchange controls, mandatory exchange rates with respect to a particular underlying product or a Force Majeure Event), which (in our opinion) have or may have a material influence on the settlement of transactions in relevant Financial Products.

Pending Order means an order to be executed at a later time at the price specified in the order. We will monitor a Pending Order and when the price provided by us reaches the price specified in the order, the order will be executed at the best available price.

Personal Data means and, collectively, includes any information relating: (i) to an identified or (ii) to a directly or indirectly identifiable, natural or legal person, including, but not exclusively, any data on us, our employees, directors, shareholders, prospects, contacts or suppliers and/or our Client(s).

Price Quote(s) means an electronic message disseminated via our Online Trading Facility containing a 'Transactional Ask Price' and a 'Transactional Bid Price' as well as other parameters such as indication of whether the Price Quote is considered as a 'Dealable Quote' or an 'Indicative Quote'. For the purposes of this expression, the term "Dealable Quote", means a quote that by its terms is capable of being used for the purpose of executing an order for a transaction, and the term Indicative Quote means a quote other

than a Dealtable Quote. The message update frequency on our Online Trading Facility may be changed at our sole discretion.

Stop Loss Order means an order to execute a transaction to close a previously opened position at a price less profitable than the price at the time of placing the limitation and is an order intended to limit losses.

Stop-out means the situation when, because of the equity in an account reaches the Stop-out Level (i.e. drops below the Margin Level required to maintain open positions) or because your equity has entered into a negative territory, our Online Trading Facility will start automatically to close open positions (starting from the least profitable position and until the Margin Level requirement is met) in order to try to prevent further account losses into the negative territory.

Stop-out Level means the level of equity in an account at which our Online Trading Facility will start automatically to close open positions (starting from the least profitable position and until the Margin Level requirement is met) in order to try to prevent further account losses into the negative territory.

Take Profit Order means an order to execute a transaction to close a previously opened position at a price more profitable than the price at the time of placing the limitation and is an order intended to limit profits.

Trading Platform means the Company's online trading and account review facility.

This applies even if the mistake is due to honest or fraudulent conduct by the person or by the actual Client or by another person acting on their behalf. Despite the foregoing, to the extent any part of the Agreement is held to be void or unenforceable as against the Client due to a mistake as to the identity of the person (Bound Party) who purported to be the Client or who made this Agreement by or on behalf of Client:

- j) if the Client is a superannuation fund, it complies with all requirements outlined in the Superannuation Industry (Supervision) Act (1993).

6.1.16. if the Client is an investment manager or a responsible entity, the investment management agreement or constitution specifically empowers and authorises dealings in the financial products, by the Client and on behalf of the persons for whom it acts and:

- a) such dealings are within the authorised ambit of each underlying principal's investment strategy;
- b) it will enter into Transactions pursuant to the applicable investment management agreement as investment manager or responsible entity and not otherwise;

- d) in the event of termination of the Client's appointment as investment manager or responsible entity, it is authorised to arrange for closing out of all positions entered into prior to the date of such termination as soon as possible.

6.1.17. if you are not resident in Australia, you are solely responsible for ascertaining whether any transaction entered into under these Terms and Conditions is lawful under applicable laws of the jurisdiction of your residence; and

6.1.18. it acknowledges that XM.com relies on representations and warranties made by the Client. These representations and warranties and those contained elsewhere in these Terms and Conditions, survive the entering into of these Terms and Conditions and are repeated in respect of each transaction.

6.2. You undertake and agree with us, as follows:

6.2.1. you will at all times obtain and comply with, and do all that is necessary to maintain in full force and effect, all necessary authority, powers, consents, licences and authorisations:

- a) to enable you to lawfully perform these Terms and Conditions and each transaction; and
- b) without limiting the generality, the interests and powers conferred by these Terms and Conditions referred to in this clause;

6.2.2. you will promptly notify us of the occurrence of any Event of Default with respect to you;

6.2.3. you will promptly notify us if:

- a) you become aware of any detail supplied in your Account Application Form or any other information provided to us in respect of your identity, financial position or other matters being inaccurate, incomplete or misleading when supplied or provided; or
- b) any such detail or information subsequently becomes inaccurate, incomplete or misleading; and

6.2.4. you will at all times use all reasonable steps to comply with all Applicable Laws in relation to these Terms and Conditions and any transaction.

7. Account opening and identification

7.1. An Account must be opened prior to entering into any transaction with XM.com. No orders can be placed until an account has been opened and cleared funds received. XM.com may, in its absolute discretion, refuse to accept you as a Client for whatever reason but will notify you of any such refusal, without giving any reasons, as soon as reasonably practicable.

7.2. To comply with the Anti-Money Laundering and Counter Terrorism Financing Act 2006 ("AML/CTF Law") we will require you to provide personal information and documentation in relation to your identity, when completing your Account Application Form. For that purpose we may need to obtain additional information and documentation and we may need to verify, or re-verify information. Under the AML/CTF Law, we may be required to disclose information about suspicious transactions or payments to regulatory authorities and we may not be permitted to inform you of such disclosure.

7.3. You must record information regarding your investment knowledge and experience in the Account Application Form. On the basis of this information and in accordance with the Applicable Laws we will assess whether opening an Account is appropriate. If you are classified as a Wholesale Client we will make certain assumptions about the appropriateness of the services to be provided, and we will be entitled to assume that you have the requisite knowledge and experience to enter into transactions. If you do not consider this to be the case, you must make us aware of this prior to entering into any transactions and provide us with all relevant information as to the level of your knowledge and experience. It is your responsibility to promptly inform us in writing if at any time during your relationship with the Company you become aware of any information or circumstances which might reasonably indicate that our initial assessment should be changed.

7.4. To assess your creditworthiness, manage credit risk and to prevent fraud (or other criminal activity) you acknowledge and agree that we may:

- 7.4.1.** make periodic searches and enquiries about you and any Related Party or proposed Authorised Person at credit reference agencies, and your employers and any other relevant persons (as applicable);

7.4.2. disclose information to organisations involved in fraud prevention; and

7.4.3. obtain information from and disclose information to other regulated entities which deal for you concerning any payment or security default or concerning any investment which is related to or connected with transactions which you seek to open with us.

7.5. Any limits imposed on your account by us will be set and varied from time to time with regard to your credit status and, if applicable, the amount of funds deposited by you with us. We may, in our sole discretion apply a limit to:

7.5.1. the size of any transaction or series of transactions that you may enter into; and

7.5.2. the amount of any loss or liability to which you may be exposed.

7.6. When your account is opened you will have access to our Online Trading Facility enabled by a password which is for your personal use only and which you must keep secret and not disclose to any third party nor allow any third party to use or otherwise gain access to the Trading Platform in your name or on your account. You are responsible for all information submitted through your access to the Trading Platform using your password and in the event there is an erroneous entry of information for whatever reason you will be held responsible for all resultant financial obligations or liabilities. You must notify us immediately if you become aware of the loss, theft or disclosure to any third party, or of any unauthorised use, of your password. For the avoidance of doubt, you are responsible to us for, and you indemnify us against, any losses arising from the unauthorised use of your password.

7.7. If the Account is held by more than one (1) person, all of the joint holders are jointly and severally liable to the Company for any and all obligations arising out of the Agreement including all transactions on the Account and agree to be bound by all of these Terms and Conditions. XM.com is authorised to accept instructions and to send confirmations to any one of the joint owners. You appoint any and all of said joint owners as your Agent for receipt of confirmations and waive any right to receive confirmations otherwise. XM.com is not responsible for notifying any other account holder of any transactions made in a joint account by another account holder on the account. Any one or more of the joint owners have full authority for the Account and risk in the name of the joint account.

7.8. Joint accounts will be registered as JOINT TENANTS WITH RIGHTS OF SURVIVORSHIP (**JTWROS**). ACCOUNT PROCEEDS MAY BE PAID OR DELIVERED TO EITHER ACCOUNT HOLDER DURING THE LIFETIME OF BOTH OR TO THE SURVIVOR AFTER THE DEATH OF ONE OF THEM. This is the only type of joint account that is offered by XM.com. If a joint account holder dies, the Account, its property, and any obligations under the Agreement on these Terms and Conditions automatically passes to the surviving Account holder(s). The surviving account holder(s) continue to be liable to XM.com for any loss related to the account in any way. Upon receipt of a certified document evidencing death or legal incapacity of one of the parties, the remaining party or parties may continue this account in their name as sole or joint owners with all the terms and conditions of said account continuing in full force and effect.

7.9. Any joint account holder may ask the Company to convert the joint account into a sole Account. The Company may require (but is not obliged to require) authorisation from all account holders before doing so. Any person removed from the Account will continue to be liable for all obligations and liabilities under these Terms and Conditions relating to the period before they were removed from the Account.

7.10. You will be prompted to provide us with any personally identifiable information that we may request when you register with us, as well as additional information and documentation as stated in sub-clause 7.2 above.

7.11. Upon the death of an Account owner and if the legal heirs of such account owner would like to withdraw the remaining balance in the Account, to the extent there is any, such legal heirs should present to us with official legal documents from the applicable governmental authorities in the jurisdiction of the deceased to our satisfaction, and we, in our sole discretion and upon checking such documents, will make the decision whether to allow such withdrawal(s).

7.12. XM.com will carry out its Client identification and verification procedures in accordance with the AML/CTF Law. You declare that:

7.12.1. You are not aware and have no reason to suspect that the monies used to fund your transactions have been or will be derived from or related to any money laundering, terrorism financing or similar activities illegal under the applicable law or regulations or otherwise prohibited under any international convention or agreement (AML/CTF Law);

7.12.2. You are not aware and have no reason to suspect the proceeds of your transactions will be used to finance any illegal activities;

7.12.3. You will provide all additional information and assistance that the Company or its Associates require for the Company to comply with AML/CTF Law.

7.13. You acknowledge that XM.com may refuse any order or instruction from you if it is concerned that the request or transaction may breach any obligation of, or cause XM.com or its Associates to commit or participate in any breach of AML/CTF Law and neither XM.com nor its Associates will incur liability to you in doing so.

8. Product Design and Distribution Arrangements

8.1. XM.com is required, when issuing and/or distributing financial products, to establish, implement and maintain policies and procedures and measures to ensure that the issuing and/or distribution of financial products comply with the relevant design and distribution obligations of the Corporations Act 2001, in a way that it is appropriate and proportionate, taking into account the nature of the financial product, the services(s), the needs and objectives of the Target Market for that financial product.

8.2. In general, the Target Market compatible with the financial products issued and/or distributed by the Company is the group of clients with the following objectives, financial situation and needs:

- a) Client qualification: retail Clients only.
- b) Level of trading experience: Clients with prior experience in financial markets and experience in trading leveraged financial products such as CFDs, including demonstration accounts on Trading.com's trading platform.
- c) Level of investment knowledge: Clients who have relevant industry experience, an academic degree in a financial related field, or have attended suitable relevant trading courses.
- d) Financial situation: Clients who have disposable income or capital to invest. Clients must be able to withstand losses from trading without causing distress or material impact to their living standards.
- e) Risk tolerance: CFDs are considered risky financial products, and therefore money used to trade in CFDs should be money that the Client is willing to lose since there is a risk of losing some or all of their capital.
- f) Investment objectives and needs: In most cases, the investment objective is of speculative nature with a short to medium-term investment horizon, whilst accepting the risks associated with trading.

9. Client money

9.1. Any money received by XM.com in respect of your Account with XM.com will be treated as "Client Money" in accordance with the applicable FS Provisions regarding Client Money (**Australian Client Money Rules**).

9.2. In relation to Client Money, we may hold Client Money in a bank account under trust (**client money trust account**) opened with an approved bank in Australia or any other country. Your Client Money may therefore be held in a bank outside Australia; in such circumstances the legal and regulatory regime

applying to the approved bank with which your bank account is opened will be different from that applying in Australia.

9.3. You agree and acknowledge that we can deal with Client Money in accordance with the Australian Client Money Rules, including to discharge your liability to us.

9.4. For money deposited in our client money trust accounts, you acknowledge that:

9.4.1. individual client's money are not separated from each other;

9.4.2. all clients' funds are co-mingled in one account;

9.4.3. the client money provisions of the Australian Client Money Rules may not protect any individual client's funds from being used for a purpose permitted by the Australian Client Money Rules and not related to a default by that client.

9.5. If you pay us by an approved method other than deposit into the client money trust account, you acknowledge that:

9.5.1. your choice of your payment provider (if approved by us) is at your risk;

9.5.2. your payment to us by your payment provider means we have received payment and so do not hold any of that as your money, on trust or otherwise;

9.5.3. after we have received value for your other payment, we may choose to pay a corresponding amount into the client money trust account, as payment to you following revaluing your Account by recognising the value for your payment, and so may be dealt with, and are subject to the client money provisions of the Australian Client Money Rules, as described in this clause 9; and

9.5.4. the time between we receive value for your other payment and the time we can make a payment to you by depositing funds into the client money trust account depends on the payment systems (which is outside of our control) and our operations so, while we aim to make intra-day transfers (to make a deposit into the client money trust account), due to matters outside of our control you may be allowed to trade on your Account for a period until we are able to make the deposit into the client money trust account. In that period, you will have the benefit of trading on the value of the payment but also you will not have the Australian Client Money Rules protections for the corresponding amount unless and until we make the payment into the client money trust account.

9.6. You irrevocably and unconditionally authorise us to transfer any money we hold on trust for you to any of our Associates or to any third party which acquires the business of XM.com to whom we have assigned or transferred our rights and obligations under these Terms and Conditions, including your open Transactions and Account (and you irrevocably direct us to transfer to the assignee, delegate or transferee such money and property in our client money trust account to which you are entitled).

9.7. You should note that if such transfer occurs, your money will be transferred to an account maintained by the transferee under the Corporations Act 2001 (Commonwealth) (if the transferee is an Australian financial services licensee). If the transferee is not an Australian financial services licensee, but is regulated in another jurisdiction, client money will be held by the transferee in accordance with the applicable client money rules of that jurisdiction.

9.8. Without prejudice to any other provisions of these Terms and Conditions, we may, in our sole discretion, from time to time and without your prior authorisation, set-off any amounts held on your behalf against your obligations to us or merge any of your Accounts with us.

9.9. Trading in leveraged Financial Products involves significant risk on your invested capital. XM.com follows a 'no negative balance' policy which means that you cannot lose more than your current net contributions (including Client Money). The policy does not avoid you owing for any shortfall arising from an adjustment to remove the credit given to your Account before your payment was received in cleared funds or arising from any clawback from a provider of your payment.

9.10. Where your Account is inactive for a period of five (5) years with a positive balance (i.e., there are funds available in your Account) and during that period no transactions have been carried out in relation to the Account or on the instructions of the holder of the Account and we are unable to contact you after we take reasonable efforts to achieve this, we will have the right to cease treating those funds as Client Money and make a deduction from your Account in accordance with sub-clause 20.9. If you later make a valid claim to us, we may pay you any amount owed to you by us.

10. Account payments

10.1. The cash balance of your Account:

10.1.1. will be credited from time to time with the amount of each payment received by us from you pursuant to these Terms and Conditions; and

10.1.2. will be debited from time to time by the amount of each payment made by us to you at your request pursuant to these Terms and Conditions, by withdrawals for payment of amounts to which we are entitled and by the deduction of fees, charges and costs and other amounts properly owing to us under these Terms and Conditions.

10.2. You may deposit funds for your Account at any time. Deposits and other payments will only be accepted by a payment method (e.g. bank wire transfer, e-wallets etc.) in the same name as the Client's name. Under no circumstances will third party or anonymous payments be accepted.

10.3. Unless otherwise agreed, you acknowledge and agree that no interest will accrue on any cash balance in your Account, that XM.com will not be liable to pay you any such interest and XM.com is entitled to any interest earned on those funds.

10.4. If you give an instruction to withdraw funds from your Account, we will reduce the requested funds immediately from your Account balance and will use our best efforts to process the specified withdrawal request within one (1) Business Day following the day on which the withdrawal request has been accepted, provided that the following requirements are met:

10.4.1. the withdrawal request includes all necessary information;

10.4.2. the instruction is to make a permissible payment through a payment method in your name (e.g. bank wire transfer, e-wallets, etc.);

10.4.3. you have provided full identification documentation to support your withdrawal request; and

10.4.4. in cases where there are open positions in the Account, the Margin Level in your Account does not fall below the minimum required level specified in our Online Trading Facility. Margin Level requirements may be higher in cases as referenced in sub-clause 18.8 so as to avoid any possible withdrawal request to cause the Margin Level in your Account to fall below the minimum required level, as specified in our Online Trading Facility.

10.5. When a withdrawal or refund is performed, we may (but under no circumstances are obliged) to remit the funds to the same remitter from, and by the same payment method through which such funds were initially received by us. We may, in our sole discretion:

10.5.1. decline withdrawals via any specific payment methods we decide from time to time (without prior notice of that);

10.5.2. require another payment method as the one indicated in any withdrawal request, in which instance a new withdrawal request may have to be submitted; or

10.5.3. require that further documentation be submitted, as required by applicable AML/CTF Laws or any other Rules and Regulations applicable to us, before proceeding with any withdrawal request.

It is your responsibility to notify us if you have changed your payment provider since your earlier use of that payment provider. If we cannot use the payment method because you have changed your details, or closed your account or there is (in our view) a problem with the payment provider, we may choose to use another payment method which you have also used to pay us.

10.6. If we accept any payments to be made by a credit / debit card, or any other payment method in respect of which processing fees may be charged, we may levy a transfer charge.

10.7. The Company takes the protection of its Clients very seriously and has various systems, controls and tools set in place for their protection against credit / debit card fraud and to comply with all applicable laws including but not limited to anti-money laundering regulations. The systems, limits and controls that the Company applies for the prevention or identification of credit card fraudulent activity may include, but are not limited to, the following:

- a. limits on the number of transactions allowed within a certain timeframe;
- b. limits on the amounts allowed to be deposited within a certain timeframe;
- c. limits on the amounts allowed to be deposited per transaction;
- d. limits on the amounts allowed to be deposited per registered email address;
- e. limits on the amounts allowed to be deposited based on the country the money is coming from;
- f. limits on the number of credit / debit cards allowed per client;
- g. limits on the deposit attempts allowed per email address;
- h. restrictions on the number of email addresses allowed to be connected with a single credit / debit card;
- i. 3D secure authentication for the processing of transactions; and/or
- j. checks for matching details.

If the Company identifies or the Company's payment service providers identify an actual or reasonably likely violation of the above limits and restrictions or the applicant or Client fails to pass the security and authentication checks, the Company may take any measures it decides is appropriate to prevent possible credit / debit card fraudulent activity and to ensure Company's protection. These measures may include, but are not limited to, any one or more of the following:

- a. investigations, further checks or request, for additional documentation in order to verify the credit / debit card details and ensure that you are the legitimate owner/user of the credit / debit card(s) used;
- b. delay of transaction's processing due to the investigations taking place;
- c. refusal of credit / debit card deposit(s) in question and refund the net amount deposited to the same credit / debit card account and via the same payment method through which the deposit(s) was made;
- d. cancellation of fraudulent transactions as soon as they are detected;
- e. blocking access to our Online Trading Facility, blocking or revoking your Access Codes or terminating your Account(s);
- f. seizing or cancelling any profits or revenues generated directly or indirectly by exercising any such prohibited trading activity and cancel any Account(s) and active Orders associated with the credit / debit card that has been identified as fraudulent; and
- g. denying processing transactions exceeding the limits/restrictions or failure to pass the security and authentication checks.

10.8. You acknowledge for the benefit of the Company and its Associates that it is a serious criminal offence to provide false or inaccurate information during your credit / debit card registration. We have developed, and we will continue to develop, any tools necessary to identify credit / debit card fraud; any dispute arising from such fraudulent activity will be resolved by us in our sole discretion, and in the manner we deem to be fair and reasonable, having regard to the legitimate interest of all of our clients and to our obligations as a regulated licensee. Subject to any external dispute resolution system whose determination is binding on us our decision will be final and binding on all participants.

10.9. If you make a deposit to the client money trust account or make another approved payment, we will, without prejudice to any other provisions of these Terms and Conditions, use our best efforts to credit your Account with the amount of such payment within one (1) Business Day following the day on which the payment has been accepted, if we are satisfied that you are the payer of the funds. At any given time, if we are not satisfied that you are the payer, we may reject such payment or return the payment to the remitter net of any transfer fees or other charges. You may be required to submit additional documentation as

required by applicable AML/CTF Laws or any other similar rules and regulations applicable to us. We may charge a handling fee (not less than USD 50) to your Account upon confirming that the payment received was not made by you (i.e. third party deposit) to cover our expenses to prove that you engaged in a third party deposit or other payment, and you authorise us to charge this amount.

10.10. All foreign currency exchange risk arising from any deposits in or withdrawals from your Account, or resulting from the compliance by us with our obligations or the exercise by us of our rights under these Terms and Conditions, will be borne by you.

10.11. Any funds transmitted to our bank accounts, or other approved payment, by you or, if permitted, on your behalf, will be credited to your Account with us at the value date of when they received by us and net of any charges/fees charged by the bank account providers, the payment providers or any other intermediary involved in such transaction process.

10.12. Before accepting any such funds into our bank accounts or accepting other payment, and crediting any such payment to your Account with us, we must be fully satisfied that you, as our Client, are the payer of such funds, or that such funds have been transmitted to us by an authorised representative of you, as our Client. In those instances, if we are not satisfied that you, as our Client, are the payer of such funds, or that such funds have been transmitted to us by an authorised representative of you, as our Client, we may refund/send back the net amount received to the same remitter from, and by the same payment method through which, such funds were received.

11. Multiple accounts and positions

11.1. The Client is able to open multiple accounts denominated in the same currency as or in currencies other than that of the main trading account. The operation of multiple accounts may mean that the Client incurs additional costs.

11.2. If the Client opens opposite positions in the same currency cross (for example) on the same account or sub-accounts, such positions will not automatically cancel each other out. The Client is specifically made aware by these Terms and Conditions that unless a position is closed manually, all such positions may be rolled over on a continuous basis and consequently they may all incur a cost for such roll-over.

11.3. If the Client has opened more than one account, Margin or collateral held for one account will not automatically serve as Margin coverage on the other account(s). The Client may therefore receive Margin Calls and stop-outs on one account despite having additional Margin for other accounts.

11.4. Client will not be charged interest on the full negative net free equity on any account. In addition, Client will not be paid interest on the full positive net free equity on any account.

11.5. Depending on the trading activity on your Account(s), executed transactions (e.g., closed orders) may be compressed into a single or multiple balance transaction(s) in your trading platform, reflecting your aggregated Profit and Loss amount; you will, however, be able to view and export your full trading history through your Members Area.

12. Conflict of interests

12.1. As issuer of Financial Products to you, we have an interest in the products and your trading in them. Since we act as principal to you, we may provide different terms and charge different rates and fees and have different leverage ratios as among our clients, depending on the client classification. Please also see clause 13.

12.2. We are not obliged to disclose to you or take into consideration any fact, matter or finding which might involve a breach of duty or confidence to any other person, or which comes to the notice of any of our directors, officers, employees or agents but does not come to the actual notice of the individual or individuals dealing with you.

12.3. The relationship between you and us is as described in these Terms and Conditions. Save as provided in any Applicable Laws, neither that relationship, nor the services we provide nor any other matter, will give rise to any fiduciary or equitable duties on our part or on the part of any of our Associates.

13. Material interests and information barriers

13.1. Your attention is drawn to the fact that when we deal with you, we or an Associate or some other person connected with us may have another interest, relationship or arrangement that is material. Without limiting the nature of such interests, examples include if we or an Associate could be:

13.1.1. dealing or quoting prices, in the investment, a related investment or an asset underlying the investment, as principal for our (or its) own account or that of someone else; this could include selling to you or buying from you;

13.1.2. dealing with you and immediately dealing with another customer, or vice versa;

13.1.3. advising and providing other services to Associates or other customers who may have interests in investments which conflict with your own.

13.2. You accept that we and our Associates may have interests which conflict with your interests and may owe duties which conflict with duties which would otherwise be owed to you, and consent to our acting in any manner which we consider appropriate in such cases subject to Applicable Laws.

13.3. We will comply with Applicable Laws binding on us but, except as provided by Applicable Laws, we are not under any other duty to disclose any interest to you, including any benefit, profit, commission or other remuneration made or received by reason of any transaction or any related transaction or position or any hedging by us.

13.4. We maintain adequate and reasonable arrangements which restrict access by our employees to information relating to areas of our business (and that of Associates) with which, and the affairs of Clients with whom, they are not directly concerned. Accordingly, we are not required to have regard to or disclose to you or make use of any information which belongs to or is confidential to another Client or to us or any Associate, and we may be unable to advise or deal with you in relation to particular transactions without disclosing the reason for this.

14. XM.com representation and services

14.1. The Company seeks to act honestly and to exercise due care and diligence in performing its obligations to you. XM.com will not misuse Client information. XM.com will use reasonable endeavours to execute or to arrange the execution of the Client's instructions on these Terms and Conditions subject to its powers and discretion and to Applicable Laws and Rules.

14.2. We deal with you on an execution-only basis and will not give personal advice (as defined in the Act) or make personal recommendations or advise on the merits or suitability of purchasing, selling or otherwise dealing in particular investments or executing particular transactions, their legal, tax, accounting or other consequences or the composition of any Account or any other rights or obligations attaching to such investments or transactions. You should bear in mind that assessing your applications for an account and merely explaining the terms of a transaction or Financial Product or its performance characteristics does not itself amount to personal advice on the merits of the Financial Product. If you consider that you have been provided with personal advice, you acknowledge that it is given without authority and you should not rely on it.

14.3. There will be circumstances in which we provide you with general advice such as when we provide general trading recommendations, underlying market commentary or other information and in such cases:

14.3.1. this is incidental to your dealing relationship with us and it is provided solely to enable you to make your own investment decisions and does not amount to a personal recommendation or personal advice;

14.3.2. we give no representation, warranty or guarantee as to the accuracy or completeness of such information or as to the legal, tax or accountancy consequences of any transaction;

14.3.3. if information is in the form of a document containing a restriction on the person or category of persons for whom that document is intended or to whom it is distributed, you agree that you will not pass it on contrary to that restriction; and

14.3.4. any market data which is specific to CFDs provided by us or third-party service providers and displayed on our website or Online Trading Facility will be displayed for information purposes only. We do not guarantee the completeness or accuracy of such information and we will not be liable if any such data or information is inaccurate or incomplete in any respect. Neither we nor any third-party providers are responsible or liable for any actions you may take, or do not take based on such data or information. Such data or information is proprietary to us or any such third party service provider and you are not permitted to retransmit, redistribute, publish, disclose or display, in whole or in part, such data or information to any third parties, except as may be required by any law or regulation.

XM.com expressly disclaims all implied warranties, including without limitation warranties of merchantability, title, fitness for a particular purpose, non-infringement, compatibility, security or accuracy.

15.15. Under no circumstances, including negligence and fiduciary duties, will XM.com, its employees or service providers be liable for any direct, indirect, incidental, special or consequential damages including, without limitation, business interruption or loss of profits that may result from the use of or inability to use the Online Trading Facility. If liability cannot, or may not be excluded, XM.com's liability is limited to re-supplying the services or, if XM.com is permitted to limit by reference to fees, to an amount equal to the amount of fees paid to XM.com by the Client for the use of the Online Trading Facility.

15.16. The Client will not hold XM.com and any of its service providers (for whom it acts as agent in this regard) liable for any form of damage arising as a result of the unavailability of the Online Trading Facility.

15.17. The Client agrees that the use of the Online Trading Facility is at the Client's risk and the Client assumes full responsibility for any losses resulting from the use of or materials obtained via the Online Trading Facility.

15.18. XM.com, its directors, officers, employees, agents, contractors, Associates, third party vendors, information providers, and other suppliers providing information or data services do not warrant that the Online Trading Facility will be uninterrupted or error free nor do we or they make any warranty as to the timeliness, sequence, accuracy, completeness, reliability or content of any information, service or transaction provided through the use of the Online Trading Facility or the results obtained from its use.

15.19. XM.com and its service providers will not accept any form of liability including any loss or damage to the Client or to any other person for:

15.19.1. any inaccuracies, errors or delays or omissions of any data, information or message or transmission or delivery of any such data, information or message;

15.19.2. non-performance; and

15.19.3. interruptions in data, information or message transmission, due to any negligent act or omission, including any Force Majeure Event or any other cause, whether or not within XM.com's control.

15.20. Force Majeure Events include amongst other things, floods, extraordinary weather conditions, earthquakes, acts of God, fire, war, riot, labour disputes, accidents, actions of any government, communications or power failure, equipment or software malfunction.

15.21. The use and storage of any information provided or made available to the Client through the use of the Online Trading Facility is for the use of the Client and is the Client's sole risk and responsibility.

15.22. The Client is responsible for providing and maintaining the communications equipment and telephone or alternative services required for accessing and using the Online Trading Facility, and for all communications service fees and charges incurred by the Client in accessing the Online Trading Facility.

15.23. XM.com may at any time in its sole discretion terminate or restrict any Client's access to the Online Trading Facility at any time. If XM.com terminates the Agreement or these Terms and Conditions or access

to the trading platform, the Client will be liable for all fees charges and obligations incurred under these Terms and Conditions prior to termination.

15.24. The Client acknowledges that from time to time, and for any reason, the Online Trading Facility may not be operational or otherwise available for the Client's use due to servicing, hardware malfunction, software defect, service or transmission interruption or other cause.

15.25. The Client's failure to comply with any of the undertakings, or a breach of any warranty or representation or representations by it, may result in civil or criminal liability, as well as termination of the use of the Online Trading Facility.

15.26. The Client acknowledges, for the benefit of the Company that the Client is responsible for having alternative arrangements in place at all times for the transmission and execution of orders if, for any reason, circumstances prevent the transmission and execution of all, or any portion of, the Client's orders through the Online Trading Facility. If the Online Trading Facility is not operational, the Client agrees it is responsible for contacting XM.com to make alternative order entry arrangements. Such arrangements may be in the form of telephone, or as otherwise agreed.

15.27. The Client may not under any circumstance use the Online Trading Facility to do any of the following:

15.27.1. publish, post, distribute or disseminate defamatory, infringing, obscene or other unlawful or offensive material or information;

15.27.2. intercept or attempt to intercept any email correspondence;

15.27.3. use the Online Trading Facility in any manner that might adversely affect its availability or its resources to other users;

15.27.4. send correspondence electronically or otherwise to other users for any purpose other than personal communication; or

15.27.5. act, or fail to act in a manner which may result in the violation of any laws or regulations.

16. Electronic trading terms

16.1. You acknowledge the electronic nature of our services via our Online Trading Facility and the inherent risk that communications by electronic means may not reach their intended destination or may do so much later than intended for reasons outside our control. Accordingly, any instruction sent by you or on your behalf via our Online Trading Facility or by e-mail will only be deemed to have been received and will only then constitute a valid instruction or binding transaction between you and us, if and when such instruction has been recorded as executed by us and confirmed by us to you through a Settlement/Trade Confirmation, and the mere transmission of an instruction by you or on your behalf does not by itself constitute a binding transaction between you and us.

16.2. Since we do not control signal power, its reception or routing via the internet or any other means of electronic communication, configuration of our clients' equipment or reliability of its connection, we are not liable for any claims, losses, damages, costs or expenses, including attorneys' fees, caused directly or indirectly, by any breakdown or failure of any transmission or communication system or computer facility belonging to us, nor for any loss, expense, cost or liability suffered or incurred by you as a result of instructions being given, or any other communications being made, via the internet. You will be solely responsible for all Orders, and for the accuracy of all information, sent via the internet using your access codes. We will not execute an Order until we have confirmed the Order to you and transmission of an Order by itself does not give rise to a binding transaction or contract between you and us.

16.3. There are a series of inherent risks with the use of the mobile trading technology such as the duplication of Orders or other instructions, latency in the prices provided, and other issues that are a result of mobile connectivity. Prices displayed on our mobile platform are solely an indication of the executable rates and may NOT reflect the actual executed price of the Order. Our mobile feature utilises public communication network circuits for the transmission of messages. We are not liable for any and all circumstances in which you experience a delay in Price Quote or an inability to trade caused by network

circuit transmission problems or any other problems outside our direct control, which include but are not limited to the strength of the mobile signal, cellular latency, or any other issues that may arise between you and any internet service provider, phone service provider, or any other service provider. Please also note that some of the features available on Online Trading Facility may not be available on our mobile feature.

16.4. You are obliged to keep your usernames and passwords (**Access Codes**) secret and ensure that unauthorised other persons do not obtain access to our Online Trading Facility. Without limit to any other provisions of these Terms and Conditions, you will be liable for all transactions or contracts executed by means of your Access Codes, even if such may be wrongful or not authorised by you.

16.5. Unless otherwise indicated or agreed upon any prices shown on our Online Trading Facility are indicative at the time shown based on data that is subject to constant change. The execution price is that which is confirmed to you on the Settlement/Trade Confirmation issued (whether on screen or otherwise) after your Order is executed, although this price may in certain cases differ from the price appearing on the screen at the time the Order was placed. If an erroneous price is used as the basis of any Transaction, we may, in our sole discretion, amend or revoke the details of the transaction(s).

16.6. There may be restrictions on the total value or number of transactions or both that you may enter into on any one day and also in terms of the total value or number of those transactions or both when using our Online Trading Facility.

16.7. The Trading Platform does not support negative prices of financial instruments. In the unlikely event of the price of any financial instrument reaching zero (0) or going below, the Trading Platform will automatically start closing any open positions at the current market price.

16.8. The 'Limit Order' functionality of our Online Trading Facility is subject to the internet service remaining available over the period in which the 'Limit Order' is outstanding, and will be subject to our size limits input remaining in excess of your Order size and position limits or any other limits determined by us to be applicable to you (whether or not disclosed to you) and your still being able to facilitate the Order at the time the limit price is reached.

16.9. You are responsible for providing the computer system(s) to enable you to access or use our Online Trading Facility and for making all appropriate arrangements with any telecommunications suppliers or, if access to our Online Trading Facility is provided through a third party server, any such third party, necessary in order to obtain access to our Online Trading Facility; neither we nor any company maintaining, operating, owning, licensing, or providing services to us in connection with, our Online Trading Facility (**Third Party Service Provider**) makes any representation or warranty as to the availability, utility, suitability or otherwise of any such equipment, software or arrangements.

16.10. You will be responsible for the installation and proper use of any virus detection/scanning program we require from time to time and for the implementation and regular use of up-to-date virus detection/scanning programs.

16.11. If you receive any data, information or software via our Online Trading Facility, other than that which you are entitled to receive pursuant to these Terms and Conditions, you must immediately notify us in writing and will not use, in any way whatever, such data, information or software.

16.12. When using our Online Trading Facility you must:

16.12.1. ensure that your computer systems are maintained in good order and are suitable for use with our Online Trading Facility;

16.12.2. run such tests and provide such information to us as we reasonably consider necessary to establish that your computer systems satisfy the requirements notified by us to you from time to time;

16.12.3. carry out virus checks on a regular basis;

16.12.4. inform us immediately of any unauthorised access to our Online Trading Facility or any unauthorised transaction or instruction which you know of or suspect and, if within your control, cause such unauthorised use to cease; and

16.12.5. not at any time leave the computer terminal from which you have accessed our Online Trading Facility or let anyone else use such computer terminal until you have logged off from our Online Trading Facility.

16.13. If you become aware of a material defect, malfunction or virus in your computer system(s) or our Online Trading Facility, you must immediately notify us in writing of such defect, malfunction or virus and cease all use of our Online Trading Facility until you have received permission from us to resume use.

16.14. All rights in patents, copyrights, design rights, trademarks and any other Intellectual Property Rights (whether registered or unregistered) relating to our Online Trading Facility remain vested in us or our licensors. You must not copy, interfere with, tamper with, alter, amend or modify our Online Trading Facility or any part or parts of it, reverse compile or disassemble our Online Trading Facility, nor purport to do any of the same or permit any of the same to be done, unless expressly permitted by us in writing.

16.15. Without limiting any other terms of these Terms and Conditions, relating to the limitation of liability and provision of indemnities, the following sub-clauses apply to the services we provide via our Online Trading Facility:

16.15.1. System errors: We have no liability to you for damage which you may suffer as a result of transmission errors, technical faults, malfunctions, illegal intervention in network equipment, network overloads, malicious blocking of access by third parties, internet malfunctions, interruptions or other deficiencies on the part of internet service providers. You acknowledge that access to our Online Trading Facility may be limited or unavailable due to such system errors, and that we suspend access to our Online Trading Facility for this reason, with or without notice and without giving any reasons.

16.15.2. Delays: Neither we nor any third-party software provider accepts any liability in respect of any delays, inaccuracies, errors or omissions in any data provided to you via our Online Trading Facility.

16.15.3. Viruses from our Online Trading Facility: We have no liability to you (whether in contract or in tort, including negligence or in any other way) if any viruses, worms, software bombs or similar items are introduced into your computer system(s) via our Online Trading Facility or any software provided by us to you in order to enable you to use our Online Trading Facility, provided that we have taken reasonable steps to prevent any such introduction.

16.15.4. Viruses from your computer system(s): You must ensure that no computer viruses, worms, software bombs or similar items are introduced into our Online Trading Facility, computer system(s) or network(s) and you indemnify us by agreeing to pay on demand for any loss that we suffer arising as a result of any such introduction.

16.15.5. This clause is subject to any duties or liability imposed on XM.com, or any limitation on our ability to exclude or limit our liability, which is mandatorily imposed by law and cannot be contracted out of or limited by these Terms and Conditions.

16.16. We are not liable for any loss, liability or cost whatsoever arising from any unauthorised use of our Online Trading Facility. You indemnify us by agreeing to pay on demand for all losses, liabilities, judgments, suits, actions, proceedings, claims, damages and costs resulting from or arising out of any act or omission by any person using our Online Trading Facility by using your designated Access Codes (usernames or passwords), whether or not you authorised such use.

16.17. Without limiting any other provisions of these Terms and Conditions, we may suspend or permanently withdraw our Online Trading Facility to you or generally to Clients, by giving you at least five (5) calendar days' written notice.

16.18. Without limiting any other provisions of these Terms and Conditions, we may, unilaterally and with immediate effect, suspend or withdraw permanently your ability to access and/or use our Online Trading Facility, (or both) or any part of them, without prior notice, if we consider it necessary or advisable to do so, for including without limitation due to:

16.18.1. your non-compliance with any Applicable Laws, Rules or Regulations;

16.18.2. your breach of any provisions of these Terms and Conditions;

16.18.3. the occurrence of an Event of Default;

16.18.4. network problems;

16.18.5. failure of power supply;

16.18.6. maintenance;

16.18.7. a Force Majeure Event; and

16.18.8. to protect you if there has been a breach of security.

16.19. Without limiting any other clause, the use or access of our Online Trading Facility, or any part of it, may be terminated automatically, upon the termination (for whatever reason) of:

16.19.1. any licence granted to us which relates to the operation of our Online Trading Facility;

16.19.2. these Terms and Conditions;

16.19.3. if any underlying Financial Products relating to any supported Financial Product(s) being withdrawn by any market; or

16.19.4. if we determine that we are required to withdraw our Online Trading Facility, in whole or in part, to comply with Applicable Laws, Rules or Regulations.

16.20. If there is a termination of the access or use of our Online Trading Facility for any reason, upon our first request, you must, at our option, return to us or destroy all hardware, software, system documentation or other documentation or files we have provided to you in connection with our Online Trading Facility, and any copies of that.

17. Orders and confirmations

17.1. You agree that XM.com may on your instructions purchase and sell (by closing out) cash settled CFDs and Margin FX. Unless otherwise agreed by us Orders for execution of transactions between you and us are to be given to us electronically through our Trading Platform or if there is a system failure by telephoning us.

17.2. When you place an Order by telephone, you can do so only by talking directly to a representative of XM.com. No message may be left, and no Orders may be placed using answer phone or voicemail facilities or by facsimile or by email. All telephone calls are recorded for the purposes of fraud prevention and quality control and by agreeing to these Terms and Conditions you agree to such recordings.

17.3. Any Order to execute a transaction does not take effect unless actually received and accepted by XM.com. XM.com is entitled to rely upon any instruction given or purporting to be given by you or any other person on your behalf without further enquiry as to the genuineness, authority or identity of any such person giving or purporting to give such instructions.

17.4. XM.com may, in its discretion, refuse to accept any Order from you but will notify you of any such refusal, without being obliged to give any reasons, promptly following receipt of your instructions. XM.com may cancel any instructions previously given by you provided that XM.com has not acted on your instructions. Without limiting the generality of the foregoing, XM.com may limit the number of open transactions that you may enter into or maintain in your Account. XM.com may, in its sole discretion, refuse to accept any Order opening a new transaction or increasing an open transaction. Acceptance of your Order will be evidenced by XM.com's confirmation of that Order. The validity of any Order will not, however, be

affected by any failure or delay in such Order being confirmed. Acceptance of any Order does not constitute any acknowledgment agreement or representation that your Initial Margin requirement in respect of the Order or your existing Order is satisfied.

17.5. You acknowledge and agree that by executing or completing and submitting the Account Application Form that you have given us your prior express consent to execute all Orders being outside a regulated market.

17.6. Following the execution of a dealing instruction for your Account, we will confirm that transaction as soon as we reasonably can by posting a trade confirmation (**Settlement/Trade Confirmation**) on our Online Trading Facility, but failure to do so will not affect the validity of the Transaction. Settlement/Trade Confirmations will normally be available immediately following the execution of the transaction via our Online Trading Facility. Confirmations will be deemed to be conclusive and binding on you if not objected to immediately upon receipt with such objection confirmed in writing (including e-mail or electronic mail) no later than close of business on the business day (being a day, other than a Saturday, Sunday or public holiday, when banks in Sydney, Australia are open for business) (**Business Day**) following the day on which the Settlement/Trade Confirmation is posted on our Online Trading Facility. If you believe to have entered into a transaction or contract, which should have produced a Settlement/Trade Confirmation or otherwise a posting on your Account, but you have not received such confirmation, you must inform us immediately when you ought to have received such confirmation. In the absence of such information, the transaction may, in our discretion, be deemed to be non-existent.

17.7. We will post details of your Account activity on our Online Trading Facility and you will be able to generate daily and monthly reports of your Account activity as well as a report of each transaction. Updated Account information will normally be updated periodically during our dealing hours and will, in any event, be available within twenty-four (24) hours after any activity takes place on your Account. Posting of Account Information via our Online Trading Facility will be deemed delivery of Settlement/Trade Confirmations and Account statements. Account information will include Settlement/Trade Confirmations with ticket numbers, purchase and sale rates, utilised Margin available for Margin trading, statements of profits and losses, as well as current open positions, any other information required to be provided under Applicable Laws, Rules or Regulations and any other information we may make available (**Account Information**). We may in our absolute discretion withdraw or amend any Account Information at any time. You agree that we are under no obligation to provide confirmations in hard copy or by e-mail rather than through our Online Trading Facility. By accepting these Terms and Conditions you agree not to receive any Account Information in printed form from us other than upon specific request (for which you may be charged a fee). You must verify the contents of all Account Information received from us. The Account Information posted on our Online Trading Facility will (save if manifestly incorrect) be conclusive evidence of your transactions, open positions, Margin and cash balances, and will be conclusive and binding on you, if not objected to immediately upon receipt with such objection confirmed in writing (including e-mail or electronic mail) no later than close of business on the Business Day following the day on such information is posted on our Online Trading Facility.

17.8. Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop on Financial Products are executed at the price on the first current price touch. The Client acknowledges and agrees that under certain trading conditions it can be impossible to execute Orders (Stop Loss, Take Profit, Buy Limit, Buy Stop, Sell Limit, Sell Stop) on any Financial Products at the Order's price. In this case, the Company may execute the Order at the first available price. This may occur, for example, in but not limited to the following cases:

17.8.1. around the start of a Trading session;

17.8.2. around and during news times;

17.8.3. during volatile markets in which prices may move significantly up or down and away from the declared price;

17.8.4. when there is rapid price movement in the market, if the price rises or falls in one Trading Session to such an extent that under the rules of the relevant exchange, trading is suspended or restricted;

17.8.5. if there is insufficient liquidity for the execution of the specific volume at the declared price.

17.9. If the Client's Account shows no balance or no activity (trading/withdrawals/deposits) in the Account for thirty (30) consecutive calendar days, any Pending Order(s) may be deleted.

18. Corporate Events and Actions

18.1. In the case where an instrument becomes subject to a corporate event as set out below (sub-clause 17.2), the Company will carry out the appropriate actions to adjust your trading account for the effect of the event on your position, preserving the economic equivalent of the rights and obligations attached to your Transaction and/or Contract with the Company, on the ex-date of the event (i.e., the day the affected instrument's price will incorporate the effect of the event). Subject to this sub-clause, the Company shall take the following actions:

- (a) Adjust the size and/or value and/or number of Orders as deemed appropriate, with the aim to preserve, to the greatest extent possible, the economic equivalent of your open positions;
- (b) Endeavour to communicate the upcoming events and actions through any durable medium, including but not limited to the Company's website;
- (c) Where you have a Pending Order or a Stop Loss and/or a Take Profit attached to your Orders, the Company aims to preserve, to the greatest extent possible, the equivalent of the rights and obligations of your Transaction and/or Contract immediately prior to the corporate event taking place;
- (d) If a corporate event, such as a reverse stock split, results in share ownership below the minimum allowed by our systems, these positions will be rounded down to the nearest allowed trade size, with any value not captured by the position adjustment being reflected as a cash adjustment to your trading account.

Different actions may be followed by the Company in case you owned the underlying instrument; however, the Company will endeavor to preserve economic equivalence to the greatest extent possible.

18.2. Subject to sub-clause 17.1, corporate events shall include the following:

- (a) Distribution, by the issuer to the shareholders of the underlying instrument, of additional shares, other share capital, warrants or rights granting dividends that result in a dilutive effect on the market value;
- (b) Stock splits and reverse stock splits that result in a change in the number of shares owned and the share price. A split is a corporate event whereby a firm multiplies the number of existing shares by a certain ratio, e.g. 1:2 (this indicates that every existing share will translate into two shares). In the 1:2 case, the shareholders' shares will double, but given the firm's market capitalization will remain unchanged, the stock price will halve, maintaining economic equivalence; It should be noted that under such an event your positions may be consolidated into a single entry on the terminal which will of course capture the effect of the corporate action on all your positions;
- (c) Dividends; in case where an underlying instrument is granting dividends (equity index or stock), a cash adjustment will be made, equivalent to that paid to clients with an open position in the underlying instrument;
- (d) Delisting/voiding of a tradable instrument that will result in the closing of positions;
- (e) Takeovers or mergers (including spinoffs), depending on their terms may result in a cash adjustment similar to that of dividends;
- (f) Any other event of similar nature to the aforementioned events that may have a concentrating or dilutive effect on the market value of the instrument.

19. Margins and leverage

19.1. As a condition of entering into a transaction, we will require the payment to us of an amount for Margin (**Initial Margin**). Initial Margin is due and payable prior to opening a transaction and we will decline to open any transaction if you do not have sufficient available Margin in your Account, including sufficient available client money in the client money trust account which can be withdrawn to pay us amounts to which we are entitled.

19.2. The amount required by XM.com and the time at which it is required will be at the absolute discretion of XM.com. XM.com is not obliged to permit any offset of any money so required by XM.com.

19.3. If there is an adverse movement in the value of a transaction we will require additional payment from you to supplement the Initial Margin (**Variation Margin**). You may deposit money in the client money trust account (in cleared funds) or make another acceptable payment.

19.4. If we execute an Order to make a transaction, involving, for instance, a CFD, you acknowledge that, depending upon the nature of the transaction, you may be liable to make further payments during the transaction or upon the earlier closing out of your position. You will be required to make further payments for Margin for the value of the transaction, instead of paying (or receiving) the whole acquisition (or disposal) price immediately. The movement in the value of your transaction (affected by the underlying market price) will affect the amount of Margin payment you will be required to make.

19.5. You must pay us on demand:

19.5.1. any amount necessary for maintaining a positive balance in any and all of your Accounts with us; and

19.5.2. such sums of money for Initial Margin or Variation Margin as we, in our absolute discretion, require from time to time.

19.6. You accept that our Online Trading Facility operates with an automated risk monitoring, Margin Call and Stop-out facility designed to monitor the overall utilization of clients' available Margin in support of our prevailing Margin and cash funding requirements for the transactions they are entering into via our Online Trading Facility. By using this automated risk monitoring, Margin Call and Stop-out facility, we will, unless otherwise stated, apply initial, maintenance or close out Margin Call at the prevailing Margin Call or Stop-out levels, as stated from time to time on our Online Trading Facility.

19.7. We may change our Margin requirements at any time. Any requirement for Margin payments must be satisfied within such time as may be specified by us or, if none is specified, immediately. One Margin Call does not preclude another.

19.8. Without prejudice to clause 17.3 above, the Company in its sole discretion may temporarily require higher Margin for placing new Orders for any specific or all Financial Products (compared to the normal margin requirements of the Client's account), including but not limited to, in the following cases:

19.8.1. prior to and during Friday market closure;

19.8.2. prior to and during any other market closure for any specific or all Financial Products;

19.8.3. prior to and during any major news announcements, such as, but not limited to, the Nonfarm Payroll announcement made by the United States Department of Labor; and

19.8.4. prior to and during any anticipated abnormal market conditions or Market Disruptions.

19.9. You are responsible for maintaining appropriate arrangements with us at all times for the receipt and communication of information regarding Margin. You must promptly deliver any money in respect of any transaction in accordance with the terms of that transaction and with any instructions given by us for the purpose of enabling us to perform our obligations under any corresponding transaction entered into between us and a third party. If you fail to provide us with Margin, deposits or other payable amounts in accordance with the terms of any transaction within the required time, we will be entitled, at our sole discretion, to close out any open transaction without prior notice to you and apply any proceeds of that to payment of any amounts due to us or, as we in our sole discretion, exercise our rights in accordance with clause 22 below.

19.10. All initial and subsequent calls for Margin must be made in the currency of the transaction, or in the currency of your Account as we determine, in such amounts as we may in our absolute discretion require; we are authorised to convert funds held for your account as Margin into and from such foreign currency at a rate of exchange determined by us on the basis of the prevailing money market rates. In such circumstances, we will not be liable to you for any loss suffered by you as a result of such action (although, we will use reasonable endeavours to only convert such funds as may prudently be required to cover the position in respect of the relevant transaction).

19.11. We may return to you at any time, with or without reasons and without being obliged to provide you with any justification of explanation, any assets paid to us by way of Margin, collateral, deposits or otherwise.

19.12. Our Margin Call policy undertakes that your maximum possible risk is your Account equity. If the equity in your Account drops to 100% of the Margin Level required to maintain your open positions (**Margin Call Level**), you will receive a Margin Call. This is a warning that the equity in your Account is not enough to support your open positions.

19.13. You are solely responsible for monitoring the activity of your Accounts, including, without limitation, whether and when open positions reach Margin Call Level.

19.14. The Stop-out Level is the level of your equity in your Account which our Online Trading Facility will start automatically to close trading positions (starting from the least profitable position and until the Margin Level requirement is met). The Stop-out Level is equal to 50% of the Margin Level required to maintain your open positions. Please note that hedged positions are also subject to margin requirements in case where the equity of your Account has entered into a negative territory; and thus, the automatic Stop-out facility is initiated.

19.15. If a Limit Order is entered at the same price that would trigger a Stop-out, the Stop-out will be executed when that price is touched (or gaps through the price) and all Pending Orders attached to that transaction will be cancelled.

19.16. The currency of the payment you make to us for Margin must be the currency of the relevant underlying transaction (if applicable) or as we may in our discretion reasonably decide from time to time.

19.17. A MARGIN CALL OR, AS THE CASE MAY BE, STOP-OUT, WHEN TRIGGERED, WILL TAKE PRECEDENCE OVER OTHER ORDER TYPES.

19.18. XM.com may at any time and from time to time amend the leverage ratios (i.e., decrease the leverage ratios) in its sole discretion and without any notice on a case by case basis on all or any Accounts of the Client and based on any parameter it chooses, including applying different leverage ratios to different investments or times or in relation to external events such as government announcements or any news. Any change in the leverage ratio may take effect before or after an Order is completed. A decrease in the leverage ratio will affect your Margin Level, Margin Call Level, Stop-out Level and may trigger a Margin Call. We will not be liable to you for any loss arising from any change in the leverage ratios, even if that automatically causes any or all of your trading positions to be closed out or if your Account is treated differently from other Clients' Accounts. Any monitoring by XM.com is for its compliance and risk management and you should not rely on XM.com to monitor your trading or the effect of any change in the leverage ratios applying to your Account.

20. Affiliates (Introducers of Business)

20.1. If you were introduced to XM.com by an Affiliate you acknowledge and agree that:

20.1.1. you authorised the Affiliate to introduce you to XM.com;

20.1.2. a commission may be paid to the Affiliate for introducing you to XM.com.

21. Fees, charges and costs

21.1. XM.com does not charge fees on Margin FX or CFD transactions or your Account arising from trading in those Financial Products unless the feature of charging fees is disclosed in the PDS or FSG (as the case may be). The amount of these fees may be displayed in the course of your use of the Online Trading Facility. Fees will be charged to your Account at the time your transaction is executed unless otherwise disclosed or notified to you. XM.com has ceased the offering of zero accounts, however, trading in your existing zero account incurs fees (also called **commissions**).

21.2. You may be required to pay us a financing fee at an interest rate if you hold a long CFD position overnight (also called **rollover fee**). Alternatively, you may be entitled to receive a financing fee at an interest rate if you hold a short CFD position overnight. Further information is on the Trading Platform.

Under these circumstances, we may seize any profits or revenues generated directly or indirectly (or any combination of that) by exercising any such prohibit trading activity and we may inform any interested third parties of your breach of this clause; we have, and will continue to develop any tools necessary to identify fraudulent or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision will be final or binding on all participants; no correspondence will be entered into.

29.2. Artificial Intelligence Software: It is absolutely prohibited to use any software, which we determine, at our sole discretion, to have as its purpose to apply any kind of artificial intelligence analysis to our Online Trading Facility or computer system(s) with an ultimate or dominant goal to gain unfair advantage and exploit our trading facility; in the event that we determine, at our own discretion, that any such artificial intelligence software has been used, or is being used, we may take all action as we see fit, including, without limitation, completely blocking access to our Online Trading Facility, blocking or revoking your Access Codes or terminating your Account. Under these circumstances, we may seize or cancel any profits or

In addition, we may inform any regulatory authority and any other interested third parties of your conduct or your breach of this clause; we have, and will continue to develop any tools necessary to identify fraudulent or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision will be final or binding on all participants; no correspondence will be entered into.

29.3. Unlawful trading techniques: Internet, connectivity delays, and price feed errors sometimes create a situation if the price(s) displayed on our Online Trading Facility does not accurately reflect the market rates. The concept of using trading strategies aimed at exploiting errors in prices or concluding trades at off-market prices or by taking advantage of internet delays (commonly known as “arbitrage”, “sniping” or “scalping”, collectively referred to in these Terms and Conditions as **Arbitrage**), cannot exist in an over-the-counter market if the client is buying or selling directly from the principal; accordingly, we reserve the right, at our sole discretion, NOT to permit the abusive exploitation of arbitrage on our Online Trading Facility or in connection with our services; any transactions or contracts that rely on price latency arbitrage opportunities may be revoked, at our sole discretion and without prior notice being required; furthermore, in those instances, we may, in our sole discretion and without prior notice being required:

29.3.3. retrieve from the Account(s) involved any historic trading profits that we can document as having been gained through such abuse of liquidity at any time during the client relationship; and

29.3.4. terminate the client relationship or close all Accounts involved (including, without limitation all other accounts held by the same account holder with us immediately by giving written notice.

Any indication or suspicion, in XM.com’s sole discretion, of any form of arbitrage (including but not limited to risk free profiting), abuse (including but not limited to the Client’s trading activity patterns that indicate that the Client solely aims to benefit financially without being genuinely interested in trading in the markets or taking market risk), internal hedging in coordination with other parties, abuse of our ‘no negative balance’ policy, fraud, manipulation, cash-back arbitrage or any other forms of deceitful or fraudulent activity, will constitute all transactions carried or profits or losses garnered as invalid. In these circumstances, XM.com may close/suspend (either temporarily or permanently) all of the Client’s trading accounts and cancel all transactions. In view of the above, please note that you will be strictly prohibited from opening any new trading Account(s) and trade with our Company.

We have, and will continue to develop any tools necessary to identify fraudulent or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision will be final or binding on all participants. No correspondence will be entered into.

29.4. Changes in market conditions: Please note that we have no obligation to contact you to advise upon appropriate action in light of changes in market conditions (including, without limitation, Market Disruptions) or otherwise. You acknowledge that the Over-the-Counter market in leveraged Financial Products is highly speculative and volatile and that, following execution of any transaction, you are solely

responsible for making and maintaining contact with us and for monitoring open positions and ensuring that any further instructions are given on a timely basis.
