Furthermore, before you access and/or use our Online Trading Facility and before you become a client of the Company, you must fully understand and agree to all the terms and conditions expressly explained and/or implied hereto, and/or incorporated herein by reference.
- 2.3. This Agreement (together with its annexes, appendices, addenda, attachments, schedules and exhibits and/or amendments) represents the entire agreement between you and us concerning the access and use of our Online Trading Facility and it cancels and supersedes all previous arrangements or agreements by and between you and us with respect to the subject matter hereof, superseding any other communications or understandings between you and us, except as determined and/or stated otherwise "in the terms agreed upon by mutual consent of the Parties".
- 2.4. Nothing contained in this Agreement shall be construed as requiring the commission of any act contrary to Applicable Laws, Rules and Regulations. Whenever there is any conflict and/or discrepancy between any provision of this Agreement and any present or future applicable statute, law, ordinance or regulation governing the transactions hereunder, the latter shall prevail, but in such event the provision of this Agreement thus affected shall be curtailed and limited only to the extent necessary to bring it within the requirement of the law.
- 2.5. Each part of this Agreement is a distinct undertaking. In the event that any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect by a court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or part of a provision of this Agreement, which shall remain in full force and effect and shall in no way be affected or invalidated. With respect to the provisions of this Agreement, which are held to be invalid or unenforceable, in whole or in part, the Parties will negotiate in good faith with the intention to replace the void provision with a valid one that in its economic effect complies best with the void provision in a manner consistent with their joint intention as expressed herein and this Agreement shall, to the fullest extent lawful, be reformed and construed as if such invalid or illegal or unenforceable provision, or part of a provision, had never been contained herein, and such provision or part reformed so that it would be valid, legal and enforceable to the maximum extent possible.
- 2.6. Without limiting the foregoing, if any provision (or part of provision) contained in this Agreement shall for any reason be held to be excessively broad as to duration, activity or subject, it shall be construed by limiting and reducing it, so as to be enforceable to the fullest extent compatible with the existing applicable law.
- 2.7. Where any form of the word "**Online Trading Facility**" appears in this Agreement, it will be interpreted as if followed by the phrase "and/or any component or part thereof", unless the context requires otherwise.
- 2.8. Where any of the words "**purchase**" and/or "**sale**" and/or "**buy**" and/or "**sell**" appear in this Agreement, unless the context otherwise requires, they will be read and construed as technical terms only, as this Agreement does NOT envisage the transfer of title to any Financial Instruments ("**delivery**") traded hereunder.

3. The Services Provided

- 3.1. The Company is licensed under the Financial Securities Commission ('**FSC**') of Mauritius to act as intermediary in the execution of securities transactions for Clients. We will act as principal (and Market Maker) with the intention of reselling these securities to the public and not as agent on your behalf. We shall treat you as a Retail Client, unless we notify you otherwise.
- 3.2. You act as Principal and sole beneficial owner (but NOT as trustee) in entering into this Agreement and/or any Transactions and/or Contracts via our Online Trading Facility.
- 3.3. Our Services shall involve Transactions in Financial Instruments not admitted to trading in Regulated Markets or an MTF, but in the off-exchange/Over-the-Counter ('**OTC**') market, including traded instruments such as CFDs or any other financial instruments or commodities. In general, the Over-The-Counter (OTC) Market is unregulated, there are no limitations on daily price movements (unless imposed by a government or central bank authority), no rules to regulate valuation or settlement procedures, and no minimum financial requirements for market participants. Accordingly, it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange Transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such Transactions, you should familiarize yourself with applicable rules and attendant risks.
- 3.4. As part of our Services, we will use reasonable commercial efforts to supply you with the informational and technical means to access and use our Online Trading Facility, and provide you with market access and trade execution services ("**Transactions**") in supported Financial Instruments on a 'rolling spot' or 'swap' basis, in a twenty-four-hour mode of operation, from Sunday 22:05 GMT to Friday 21:50 GMT, except on official public holidays in the USA and Europe ("**Dealing Hours**" or "**Trading Hours**"), subject to the relevant markets in London, the USA and/or Asia being open.

4. Market Making

- 4.1. You are specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, we may act as a "**Market Maker**", i.e., we may take the risk of holding a certain number of Financial Instruments in order to facilitate trading in these Financial Instruments by displaying/quoting '**bid**' and '**ask**' prices ('buy' and '**sell**' quotations) for such Financial Instruments on our Online Trading Facility and filling Orders received in respect to such Financial Instruments from our own inventory or seeking an offsetting Order.
- 4.2. In order for us to provide Price Quotes with the swiftness normally associated with speculative trading, we may have to rely on available price or available information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in, or suspension of an Underlying Instrument or asset or errors in feeds from information providers or in Price Quotes from our Counterparties. In these circumstances, provided that we have acted in good faith when providing the relevant Price Quote to you, we may cancel the relevant Transaction and/or Contract with you, but shall do so within reasonable time and shall provide you with a full explanation for the reason of such cancellation.
- 4.3. Following execution of any position with you, we may, at our reasonable discretion, subsequently offset each such position with you with another client position or with a position with one of our Counterparties, or we may decide to retain a proprietary position in the Market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in us offsetting client positions at prices different – sometimes significantly different – from the Price Quotes provided to you, resulting in trading profits or losses for us. This in turn, can raise the possibility of you incurring, what may be seen as, an implied cost (i.e., the difference between the price at which you traded with us and the price at which we subsequently traded with our Counterparties and/or other clients), due to any profits realised by us as a result of the Market Making function. Please also note, however, that the Market Making function may involve significant costs to us, if the market moves against us in comparison to the price at which we traded with you.
- 4.4. You accept that, in such Markets where we act as Market Maker, we may hold positions that are contrary to your positions and/or the positions of certain other of our clients, resulting in potential conflicts of interest between us, and any such other of our clients.

- 4.5. In Markets, where we act as a Market Maker, you accept that we have no obligation to quote prices to you and/or any of our other clients, at any time in any given Market, nor shall we have an obligation to provide such Price Quotes to you and/or any of our other clients with a specific maximum spread.
- 4.6. You acknowledges, recognize and accept that the Price Quotes provided to you include a 'spread' when compared with the price for which we may have covered or expected to be able to 'cover' the Transaction or Contract in a trade with another client or a Counterparty; furthermore, you acknowledge, recognize and accept that the said 'spread' constitutes remuneration to us and that such 'spread' cannot necessarily be calculated individually for all Transactions and/or Contracts and that such 'spread' will not be specified at the Settlement/Trade Confirmation or otherwise revealed to you.
- 4.7. Any commission costs, interest charges, costs associated to and included in the 'spreads' that are part of the Price Quotes provided by us as a Market Maker in certain Markets, and any other fees and charges will consequently influence your trading result(s) and may have a negative effect on your trading performance compared to a situation in which such commission costs, interest charges, costs associated to and included in the 'spreads', would not apply.
- 4.8. Whilst dealing '*spreads*' and commissions are normally considered moderate seen in relation to the value of the Financial Instruments traded, such costs may be considerable when compared with your Margin deposit. As a consequence thereof, your Margin deposit may be depleted by the trading losses, which you may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees, as well as by the afore-mentioned invisible costs for you that are caused by our performance as a Market Maker.
- 4.9. If you are an active trader and you are undertaking numerous Transactions and/or Contracts, the total impact of visible as well as invisible costs may be significant. Consequently, you may have to obtain significant profits in order to cover the costs associated with the trading activities you undertake with us as a Market Maker. For very active clients, such costs may over time exceed the value of the Margin deposited with us. Normally, when trading Margined derivatives, the lower the percentage of the applicable Margin rate, the higher the proportion of the costs associated with executing a Transaction and/or Contract.
- 4.10. You are hereby specifically made aware that in the area of Market Making in foreign exchange, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by us performing in our capacity as a Market Maker; thus, our performance as a Market Maker may negatively affect your Account with us and the said associated costs may neither directly visible nor directly quantifiable for you at any time.
- 4.11. You are hereby specifically made aware that CFDs may be OTC products quoted by us whilst operating as a Market Maker, and are not traded on a recognized stock exchange. As a result, the description above of the implied, not visible costs related to our performance as a Market Maker, may also apply to any CFD Contract.

5. Electronic Signatures and Acceptance of Agreement(s)

- 5.1. You hereby expressly acknowledge and agree that: (a) by downloading, completing and/or submitting to us the account documentation and forms posted on our Online Trading Facility (hereinafter referred to as the "**Account Opening Application Form(s)**") and/or clicking in the appropriate space, or on the "**I Accept**" button, or similar buttons or links as may be designated by us to show your approval and acceptance of this Agreement, and/or (b) by accessing or using, and/or by continuing to access or use, our Online Trading Facility, you are entering into a legally binding contract by and between you and us, and you fully agree to abide by and to be bound by all the Terms and Conditions set out in this Agreement, as they may apply to you.

Communications being made via electronic media in order to enter into contracts, place Orders and other records and to the electronic delivery of notices, policies and records of transactions initiated or completed through our Online Trading Facility and/or in relation thereto, shall, to the extent permitted by Applicable Laws, Rules and Regulations, be treated as satisfying any legal requirement that a communication should be 'signed' and '*in writing*'. Accordingly, any such documents that are delivered to you electronically are deemed to be "*in writing*".
- 5.3. If your signature or acknowledgement is required or requested with respect to any such document and you "**click**" in the appropriate space, or on the "**I Accept**" button, "**Submit**" button, or on similar buttons or links

as may be designated by us to show your approval and acceptance thereof, or take such other action as may be indicated on our Online Trading Facility, you will be deemed to have '*signed*' and/or acknowledged the document to the same extent and with the same effect as if you had signed the document manually. To the extent permitted under applicable mandatory law, you hereby waive any rights or requirements under any Applicable Laws, Rules and Regulations in any jurisdiction, which require an original (non-electronic) signature or delivery or retention of non-electronic records.

5.4. You hereby expressly acknowledge your understanding that you have the right to withdraw your consent to the electronic delivery and signature of documents at any time by providing prior written notice to us. However, if you revoke your consent, your access to and/or use of our Online Trading Facility may be restricted or terminated, at our sole discretion and without any obligation on our end to provide you with any explanation and/or justification thereof.

6.4. We may, from time to time, send to you further communications in respect of certain Transactions and/or Contracts, which may contain specific legal and/or contractual provisions applicable with respect to such Transactions and/or Contracts. In the event of any conflict and/or discrepancy between the clauses of this Agreement and/or its annexes, appendices, addenda, attachments, schedules and/or exhibits, and the legal and/or contractual provisions set forth in such communications to you in respect of certain Transactions and/or Contracts, the latter shall prevail. The fact that a legal and/or contractual provision is specifically set forth herein, or is included in a specific communication to you, in respect of one particular Transaction and/or Contract, shall not preclude a similar legal and/or contractual provision being expressed or implied, or being applicable, in relation to any other Transaction and/or Contract.

A dealing instruction or Order given by you to us shall not take effect until it is actually received by us. In this Agreement, unless the context requires otherwise, instructions and Orders shall have the same meaning.

When you place an Order via our Online Trading Facility, or in such other manner as we may specify to you in writing from time to time:

- (a) you are offering to enter into a Transaction and/or Contract with us at the price we quote when you complete all obligatory fields and click the relevant button; and

In addition, a dealing instruction which, for any reason, is not received by us in a manner in which it can be processed, including a failure of our Online Trading Facility to accept or process such instruction, shall be deemed not to have been received by us.

We reserve the right to refuse to enter into any Transaction and/or Contract. Such situations include but are not limited to, when:

- (a) trades are placed outside of the market hours;
- (b) trades are individually or in the aggregate larger than the maximum quantity or smaller than the minimum quantity we set for the market;

- (c) your Margin is insufficient to fund the proposed Transaction and/or Contract;
- (d) our Price or the Transaction and/or Contract derives from a Manifest Error;

- 18.7. **Control of Orders prior to execution:** We have the right (but no obligation) to set limits and/or parameters to control your ability to place Orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation): (i) controls over maximum Order amounts and maximum Order sizes; (ii) controls over our total exposure to you; (iii) controls over prices at which Orders may be submitted (to include (without limitation), controls over Orders which are at a price which differs greatly from the Market Price at the time the Order is submitted); (iv) controls over our Electronic Services (to include (without limitation) any verification procedures to ensure that any particular Order has come from you); or (v) any other limits, parameters or controls which we may be required to implement in accordance with Applicable Laws, Rules and/or Regulations.
- 18.8. - 18.9. **Order Execution Policy:** We shall use our reasonable endeavours to execute any Order promptly, but in accepting your Orders we do not represent or warrant that it will be possible to execute such Order or that execution will be possible according to your instructions. In general, we shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act in accordance with our Order Execution Policy. If, after instructions are received, we believe that it is not reasonably practicable to act upon such instructions within a reasonable time, we may defer acting upon those instructions until it is, in our reasonable opinion, practicable to do so, or we may notify you that we are refusing to act upon such instructions. We shall not be liable for any losses resulting from such deferral or refusal. If we encounter any material difficulty relevant to the proper carrying out of an Order on your behalf we shall notify you promptly. We shall carry out an Order on your behalf only when the relevant Market is open for dealings, and we shall deal with any instructions received outside Market hours as soon as possible when that relevant Market is next open for business (in accordance with the rules of that Market). You agree that we may execute an Order on your behalf outside a Market. When you give us a specific instruction, our Order Execution Policy may not apply, and we may be unable to take the steps described in such policy to obtain the best possible result in executing your Order. You confirm that you have read and agree to our Order Execution Policy as published from time to time on our Online Trading Facility. We will notify you of any material changes to our Order Execution Policy, but it is your responsibility to check for any other changes to our Order Execution Policy as published from time to time on our Online Trading Facility. We will consider the continued placement of Orders by you to constitute your continued consent to our Order Execution Policy as in effect from time to time.
- 18.10. **Aggregation and Split of Orders:** We are entitled, in our absolute discretion, to combine and/or aggregate your Orders with our own Orders and/or with Orders of any of our Associates and/or Persons connected with us, including employees and/or other clients. Furthermore, we may split your Orders when executing them. Orders will only be aggregated or split, however, if we reasonably believe it to be in your best interest. On some occasions, however, aggregation and split of your Order may result in you obtaining a less favourable price in relation to a particular Order, than if your Orders had been executed, respectively, separately or mutually.
- 18.11. **Confirmation of instructions:** We may (but shall not in any circumstances be obliged) to require confirmation of any instruction in such form as we may reasonably request if it appears to us that such confirmation is necessary or desirable; or such instruction is to close an Account or remit money due to you. It is your responsibility to inform us of any change to your e-mail address, the non-receipt of a confirmation, or whether any confirmations are incorrect, before settlement.
- 18.12. **Electronic Settlement/Trade Confirmations:** Following the execution of a dealing instruction for your Account, we will send you an electronic confirmation in respect of that Transaction and/or Contract as soon as reasonably practicable, and in any event within the time required by relevant laws and regulations,

by posting a trade confirmation ("**Settlement/Trade Confirmation**") on our Online Trading Facility, but failure to do so will not affect the validity of the transaction. Settlement/Trade Confirmations will normally be available instantly following the execution of the Transaction via our Online Trading Facility. We will also send a monthly statement in relation to the activity of your account(s) ("**Account Statement**"), including, details of the contents and value of your Account, open positions and such other information required from time to time to be disclosed. Such Trade Confirmations and Account Statements are electronically transmitted or otherwise sent to you at your last registered email address in our records and will be deemed to have been received by you when sent to the relevant address. Settlement/Trade Confirmations and Account Statements shall be deemed to be conclusive and binding on you, if not objected immediately upon receipt with such objection confirmed in writing (including e-mail or electronic mail) no later than the close of the next business day (being a day, other than a Saturday, Sunday or public holiday, when banks in Mauritius are open for business) (a "**Business Day**") following the day on which the Settlement/Trade Confirmation and Account Statement were posted on our Online Trading Facility. In the event that you believe to have entered into a Transaction or Contract, which should have produced a Settlement/Trade Confirmation or otherwise a posting on your Account, but you have not received such confirmation, you must inform us immediately when you ought to have received such confirmation. In the absence of such information, the Transaction and/or Contract may, at our reasonable discretion, be deemed to be non-existent.

- 18.13. **Reports of Account Activity:** We will post details of your Account activity on our Online Trading Facility and you will be able to generate daily and monthly reports of your Account activity as well as a report of each executed Transaction and/or Contract. Updated Account information normally will be updated periodically during our dealing hours and will in any event be available no more than twenty-four (24) hours after any activity takes place on your Account. Posting of Account Information (as defined below) via our Online Trading Facility will be deemed delivery of Settlement/Trade Confirmations and Account Statements. Account information will include Settlement/Trade Confirmations with ticket numbers, purchase and sale rates, utilised Margin available for Margin trading, statements of profits and losses, as well as current open positions, any other information required to be provided under Applicable Laws, Rules and Regulations and any other information we may make available ("**Account Information**"). We may in our absolute discretion withdraw or amend any Account Information at any time. Unless otherwise determined, you agree that we are under no obligation to provide confirmations in hard copy or by e-mail rather than through our Online Trading Facility. By accepting these Terms and Conditions you agree not to receive any Account Information in printed form other than upon specific request. You must verify the contents of all Account Information received from us. The Account Information posted on our Online Trading Facility shall (save if manifestly incorrect) be conclusive evidence of your Transactions and/or Contracts, open positions, Margin and cash balances, and shall be conclusive and binding on you, if not objected to immediately upon receipt with such objection confirmed in writing (including e-mail or electronic mail) no later than closing of the next Business Day following the day that such information is posted on our Online Trading Facility.

If you no longer wish to communicate via electronic media, you must notify us and revoke this consent in writing. If you do not wish to communicate via electronic media at all, you must inform us of your wishes when applying to open an Account with us. However, if you revoke your consent, your access to our Online Trading Facility may be restricted or terminated, at our sole discretion.

- 18.14. **Intermediate Brokers and other Agents:** We may, at our entire discretion, arrange for any Transaction to be effected with or through the agency of an intermediate broker, who may be an Associate of ours, and may or may not be in Mauritius. Neither we, nor our respective directors, officers, employees or agents, will be liable to you for any act or omission of such an intermediate broker or agent. No responsibility will be accepted for intermediate brokers or agents selected by you.
- 18.15. **Position Limits:** We may, in our absolute discretion, require you to limit the number of open positions which you may have with us at any time and/or only allow you to enter into closing transactions or we may close out any one or more positions or reverse Transactions and/or Contracts in order to ensure that the position limits we have imposed are maintained.
- 18.16. **Fluctuations in Exchange Rates:** If you enter into any Transaction and/or Contract, any profit or loss arising as a result of a fluctuation in the exchange rate affecting such Transaction and/or Contract will be entirely for your account and risk.
- 18.17. **Trade Reporting:** Under Applicable Laws, Rules and Regulations we may be obliged to make information about certain Transactions and/or Contracts public. You agree and acknowledge that any and all proprietary rights in such Transaction and/or Contract information are owned by us and you waive any duty

of confidentiality attaching to the information which we reasonably disclose.

- 18.18. **Rollover.** If we do not receive instructions from you to settle any open Transactions and/or Contracts by the close of the Business Day, we are hereby authorized (but not obliged) to transfer all said Contracts to the next business date traded ("**Rollover**"), as provided in further detail in clause 20 hereinafter.

19. CryptoCFDs

- 19.1. The Company may, at its sole discretion, offer CryptoCFDs for trading on its Online Trading Facility, from time to time. CryptoCFDs, when used in this Agreement, unless the context otherwise requires, shall mean a derivative contract (i.e., a CFD Contract) of a decentralized digital currency or asset which is not issued by any central bank or issuer and in which encryption techniques are used to facilitate the generation of units of the currency or asset and verify the transfer of units ("**CryptoCFDs**").
- 19.2. You hereby acknowledge and accept that CryptoCFDs are traded on non-regulated decentralized digital exchanges. As such, prior to investing in CryptoCFDs you should be aware of the following:
- Such products are complex, extremely risky, and usually highly speculative;
 - Such products entail a high risk of losing all of your invested capital;
 - The values of virtual currencies (i.e., CryptoCFDs) are subject to extreme price volatility and hence, may result in significant loss over a short period of time;
 - Such products are not appropriate for all investors. As such, you should not engage in trading in relation to such products if you do not have the necessary knowledge in this specific product or if you cannot bear the loss of your entire invested amount; and
 - You shall be fully aware of, and understand, the specific characteristics and risks in relation to these products.
- 19.3. The Company bases the price of its CryptoCFDs products on the underlying market, made available to it by the exchanges and market-makers with which it trades. Because the CryptoCFDs market is decentralized, meaning it lacks a single central exchange where all transactions are conducted, each market maker may quote slightly different prices.
- 19.4. You should be aware that when the software of different miners of CryptoCFDs become misaligned, a split (or "**Fork**") in the blockchain may occur and the latter results in the existence of two different blockchains. In the case where both blockchains continue to exist, the Company, at its reasonable discretion, may follow the blockchain that has the majority consensus of CryptoCFDs users and use this as the basis for its prices. The Company reserves the right to determine which blockchain and CryptoCFDs unit have the majority consensus behind them. When a Fork occurs, there may be substantial price volatility around the event, and we may suspend trading throughout if we do not have reliable prices from the underlying market. We will endeavour to notify you of potential blockchain Forks, however it is your responsibility to make yourself aware of the Forks that could occur.
- 19.5. If at any time, any of the CryptoCFD that forms the subject of your order is delisted and/or we no longer support the trading in such CFD for any reason, then the applicable order will be immediately closed. If the Company is notified that a CryptoCFDs you hold in your Account is likely to be delisted and/or removed and/or cancelled from any of the exchanges (some of them or all) and the Company believes that it shall not be able to trade in such CryptoCFDs, the Company shall make an effort to close any current orders on such CryptoCFDs on your behalf at such time and price, and in such manner, as it determines.
- 19.6. There is no guarantee that your order will be filled in full or in part. Where a delay occurs for any reason, we will attempt to execute the order as soon as reasonably practicable. You acknowledge and accept that the market price of the CryptoCFDs may have moved during the time between our receipt and acceptance of your order and our attempt to execute the order. In these circumstances, the third-party who has provided the quotation to us is not obliged to honor the indicative price you have received. Such movements in price may be in your favor or against you.
- 19.7. For the avoidance of any doubt, the Company does not own or control the underlying software protocols which govern the operation of CryptoCFDs available for trading in our Online Trading Facility. In general, the underlying protocols are open source and anyone can use, copy, modify, and distribute them. By using the Company's Services, you acknowledge and agree that (i) the Company is not responsible for operation of the underlying protocols and that the Company makes no guarantee of their functionality, security, or availability; and (ii) the underlying protocols ("**Fork Protocols**") are subject to sudden changes in operating rules (i.e. **Forks**), and that such Forks may materially affect the value, function, and/or even the name of

the CryptoCFDs the Company holds for your benefit. In the event of a Fork, you agree that the Company may temporarily suspend its operations regarding the CryptoCFDs (with or without advance notice to you) and that it may, in its sole discretion, (a) configure or reconfigure its systems or (b) decide not to support (or cease supporting) the Forked Protocol entirely.

We may decide (but for avoidance of any doubt we are not obligated to do so), at our sole discretion, to adjust your Account in respect of a Fork depending on the circumstances of each event attributable to any specific CryptoCFDs held by you. Such adjustment shall be calculated by us, net of any taxes which may apply with respect thereto. In doing so, we will make efforts to effect such adjustment on the basis of good faith and fairness and, where appropriate, by taking such action as is consistent with market practice and/or taking into account the treatment we may receive from our counterparties or any relevant third party.

You acknowledge and agree that the Company assumes no responsibility whatsoever in respect of an unsupported branch of a forked protocol.

- 19.8. Since blockchain is an independent public peer-to-peer network and is not controlled in any way or manner by the Company, the Company shall not be responsible for any failure and/or mistake and/or error and/or breach which shall occur in blockchain or in any other networks in which the CryptoCFDs are being issued and/or traded. You will be bound and subject to any change and/or amendments in the blockchain system and subject to any applicable law which may apply to the blockchain. We make no representation or warranty of any kind, express or implied, statutory or otherwise, regarding the blockchain functionality nor for any breach of security in the blockchain.

You acknowledge that our Online Trading Facility is independent of any exchanges and we are under no obligation to quote a particular price or follow the trading rules consistent with such exchanges. You further acknowledge that the triggering of your transaction is linked to the prices we quote on our platform, during trading hours, and not the prices quoted on any relevant exchanges. In determining whether the prices quoted on the platform reach or exceed the price accepted by us in a transaction, We will be entitled (but not obliged) to disregard any prices quoted during any pre-market, post-market or intra-day auction periods in the relevant exchange, during any intra-day or other period of suspension in the relevant exchange, or during any other period that in our reasonable opinion may give rise to short-term price spikes or other distortions. Our prices may differ from the current prices on the relevant exchanges and you acknowledge that a transaction may or may not be triggered even though: (a) an exchange never traded at the level of your transaction; or (b) the exchange did trade at the level of your transaction but for such a short period or in such low volumes that it would have been impractical to execute an equivalent transaction on the exchange.

When entering into an order for CryptoCFDs, you irrevocably and unconditionally agree to accept the security bid/ask prices in which the transaction shall be executed as shall be reflected on our trading platform as final and binding.

- 19.9. Without derogating from the generality of the foregoing or any other provision herein, we further reserve the right NOT to execute buy or sell orders for CryptoCFDs and/or to close any open positions therein, without any further notice to you, in the following circumstances: (1) your order violates any applicable laws, regulations or rules, or is intended to defraud or manipulate the market; (2) abnormal market conditions and/or a significant disruption in or premature close of trading in of the underlying CryptoCFDs and/or the market on which the underlying CryptoCFDs is traded; (3) Force Majeure, acts of God, war (declared or undeclared), terrorism, fire or action by an exchange, regulatory or governmental authority that disrupts trading in the relevant security; and (4) in the event liquidity providers are unable to provide liquidity to us.
- 19.10. Given the unpredictability, complexity and volatility characterising the CryptoCFDs' trading environment, we reserve the right to place restrictions on the trading of this class of instruments with the purpose to protect our clients' best interests and mitigate the trading risk they bear and, specifically, we may set an instrument as buy only ("**Unshortable**"), sell only ("**Unlongable**"), close only and/or disable it. In addition, the maximum exposure limit for clients holding CryptoCFDs is limited to one (1) million USD per client or group of related parties. Related parties are those clients whose registration and/or trading data of such client(s) corresponds with the registration and/or trading data, including, but not limited to IP address, of another or other client(s). In these circumstances, the Company reserves the right to cancel/and or consider as void all orders that have breached the maximum exposure limit, as mentioned above. The Company shall not be held liable for any consequences of the cancellation of such orders.

- 19.11. The Company currently allows trading on CryptoCFDs during the weekend. However, as weekends are not Business Days, delays might occur during the transmission of funds in your trading Account. The Company further reserves the right, at its reasonable discretion, to cease and/or suspend the offering of trading on CryptoCFDs at any time and for a period of time as deemed necessary.
- 19.12. The Company further reserves the right to change the margin requirements of CryptoCFDs, at its reasonable discretion, at any time.
- 19.13. In the event that we detect any form of abuse, fraud, manipulation, cash-back arbitrage, carry trades, or other forms of deceitful or fraudulent activity in regard to the trading of CryptoCFDs by any client, we reserve the right, at any time, (a) to charge any administrative fee and/or costs pertaining to any and all of such client's trading Accounts related to the trading of CryptoCFDs, as calculated at that time; and/or (b), with immediate effect, to close all trading Accounts of such client with us, and/or nullify all trades carried out in such client's trading Accounts with us and/or cancel all profits or losses garnered in such client's trading Accounts with us.
- 19.14. You hereby acknowledge, represent and warrant to us that, when trading on CryptoCFDs, you fully understand the specific characteristics and risks related to these CryptoCFDs and that trading in CryptoCFDs is not appropriate for all investors.

20. Rollover and Offset Instructions

- 20.1. Rollover is the process of extending the settlement date of an open position (i.e. date by which an executed trade must be settled). The forex market allows two business days for settling all spot trades, which implies the physical delivery of currencies. In margin trading, however, there is no physical delivery, so all open positions must be closed daily at end-of-day (22:00 GMT) and re-opened on the following trading day. This pushes out the settlement by one more trading day. This strategy is called rollover.
- 20.2. Rollover is agreed on through a swap contract which comes at a cost or at a gain for traders. We do not close and re-open positions but will charge you a fee in respect of each such position and debit/credit your trading Accounts for positions held open overnight, depending on the current interest rates (LIBOR/LIBID with added mark-up) ("**Rollover Fee**"). As 2:00 GMT is considered to be the beginning and the end of a forex trading day, any positions which are still open at 22:00 GMT sharp are subject to rollover and will be held overnight. Positions opened at 22:01 are not subject to rollover until the next day, but if you open a position at 21:59, a rollover will take place at 22:00 GMT. For each position open at 22:00 a credit or debit appears on your account within 1 hour, and will be directly applied to your equity account.
- 20.3. The Rollover Fees that we charge will be published on our Online Trading Facility. We shall attempt to collect such Rollover Fees from the free balance in your Account with us. In the event that we are unable to collect such Rollover Fee(s) from the free balance in your Account with us, we reserve the right to close part, or all, of your open positions as per our Order Execution Policy. You shall be liable for promptly paying all Rollover Fees(s), even if all Margin previously deposited by you has been lost.
- 20.4. In the absence of clear and timely instructions from you, we are authorised, at our absolute discretion, to offset all or any portion of the positions in your Account(s) or to make or receive delivery on your behalf upon such terms and by such methods deemed reasonable by us.

21. Prices and Open Positions

- 21.1. We will provide you with "**bid**" and "**ask**" prices ("**Price Quote(s)/Quotes**") in respect of Financial Instruments through our Online Trading Facility or, in those instances where we have agreed to do so. The Price Quotes that we quote are determined by us and usually represent a mark-up or mark-down on inter-bank dealing rates. Our fees and charges are set out on our Online Trading Facility. Each price published shall be valid until the earlier of its expiration time and the time, if any, at which it is otherwise withdrawn by us.
- 21.2. Each Price Quote shall be available for use in a dealing instruction for a Transaction and/or Contract with a principal amount not to exceed a maximum leverage amount, determined by us, published on our Online Trading Facility or otherwise notified to you ("**Leverage**"). You acknowledge that the prices and maximum Leverage we may offer to you may differ from prices and Leverage provided to other clients of ours and may be withdrawn or changed by us at any time, without prior notice and without any obligation on our end to provide any explanation and/or justification. We may in our absolute discretion and without prior notice

to you, immediately alter, withdraw or refuse to deal on any Price Quote we may have published or cease the provision of Price Quotes altogether in some or all Financial Instruments and for some or all value dates at any time and without any obligation on our end to provide any explanation and/or justification.

21.3. Our Services are restricted to executing Transactions and/or Contracts in Financial Instruments via our Online Trading Facility, at the Price Quotes displayed on our Online Trading Facility or otherwise communicated to you at your request.

22. Margin and Collateral

22.1. Upon opening a Transaction, you will be required to pay us the Margin for that Transaction, as calculated by us ("**Initial Margin**") and can be found on our Website. You will be required to make further variable payments by way of Margin against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the Market Price of your investment will affect the amount of Margin payment you will be required to make.

22.2. Margin requirements vary per financial instrument. For further information on the applicable margin requirements per financial instrument, please refer to our Company's Website.

22.3. **Form of Margin:** Margin must be provided in the form of cash or, only in those instances in which we may agree otherwise, other assets, such as collateral (by which we mean investments, securities, bonds or any other financial instrument, property or asset acceptable to us in lieu of cash) ("**Collateral**") (all together "**Assets**"). The currency of the cash Margin you pay to us shall be the currency of the relevant underlying Transaction (if applicable) or as we may in our discretion reasonably decide from time to time. Cash Margin is paid to us as an outright transfer of title and you will not retain any interest in it. Cash Margin received by us will be recorded by us as a cash repayment obligation owed by us to you.

22.4. **Margin requirements prior to and during Market Disruption:** Without prejudice to what is set out herein above, the Company at its sole discretion may temporarily require higher margin for placing new Orders for any specific or all Financial Instruments (compared to the normal margin requirements of the Client's account) in the following cases:

- (a) Prior to and/or during Friday market closure;
- (b) Prior and/or during to any other market closure for any specific or all Financial Instruments;
- (c) Prior and/or during to any major news announcements, such as, but not limited to, the Non-Farm Payroll announcement made by the United States Department of Labor;
- (d) Prior and/or during to any anticipated abnormal Market conditions and/or Market Disruptions.

The above temporary increase of the margin requirements may affect any open Orders in your Account, either placed prior to or following the implementation of the new Margin requirements.

22.5. All clients are fully and personally responsible for monitoring the activity of their Accounts, including, without limitation, whether and when their open positions reach Margin Call Level.

22.6. **Margin Call Policy:** You accept that our Online Trading Facility operates with an automated risk monitoring, Margin Call and Stop-out facility designed to monitor the overall utilization of your available collateral in support of our prevailing Margin and cash funding requirements for the Transactions and/or Contracts you are entering into via our Online Trading Facility; using this automated risk monitoring, Margin Call and Stop-out facility, we will, unless otherwise stated, apply initial, maintenance or close out Margin call at the prevailing Margin Call or Stop-out levels, as stated from time to time on our Online Trading Facility. One Margin call does not preclude another and it shall be visible to you in your MT4/MT5 Platform.

22.7. Our Margin Call Policy guarantees that your maximum possible risk is your Account equity. If the equity in your Account drops to 50% of the Margin Level required to maintain your open positions ("**Margin Call Level**"), you will receive a Margin Call. This is a warning message that the equity in your Account is not enough to support your open positions. At this point, you will not be able to take any new position and you will have the option to deposit sufficient money in order to maintain your open positions. When you have losing positions, your Margin Level will go down and may become close to the Margin Call Level. When you have winning positions, your Margin Level will go up and the Margin Call Level may become more remote.

22.8. The "**Stop-out Level**" is the level of your equity where our Online Trading Facility will start automatically to close trading positions (starting from the least profitable position and until the Margin Level requirement is

met) in order to prevent further account losses into the negative territory. For all trading accounts the Stop-out Level is equal to 20% of the Margin Level required to maintain your open positions. Please note that hedged positions are also subject to margin requirements in case the equity of your Account has entered into a negative territory; and thus, the automatic Stop-out facility is initiated.

22.9. In the case where a '*Stop Order*' or '*Limit Order*' (or '*Entry Stop*' or '*Limit*') is entered at the same price that would trigger a Stop-out, the Stop-out will be executed when that price is touched (or gaps through the price) and all pending Orders attached to that trade will be cancelled.

22.10. **A MARGIN CALL OR, AS THE CASE MAY BE, STOP-OUT, WHEN TRIGGERED, WILL TAKE PRECEDENCE OVER OTHER ORDER TYPES.**

23. Negative Balance Protection

23.1. Negative Balance Protection means the limit of a client's aggregate liability, for all CFDs connected to a trading Account with the Company, to the funds in that Account.

23.2. Trading in leveraged Financial Instruments involves significant risk on your investment capital. However, the Company follows a Negative Balance Protection policy, on a per account basis, which aims to ensure that your maximum losses from trading CFDs, including all related costs, are limited to the total funds in your trading account (i.e. no additional liability incurs). This should include any funds yet to be paid in your account due to net profits from the closure of open trades connected to your trading account.

23.3. Notwithstanding the above, any indication or suspicion, in the Company's reasonable discretion, of any form of arbitrage performed in your trading account, either solely or in connection with other clients of our Company (including but not limited to risk-free profiting), abuse (including but not limited to participant's trading activity patterns indicating that the participant solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risk), internal hedging in coordination with other parties and abuse of our 'no negative balance policy', constitute a violation of these Terms and Conditions. In such cases, we reserve the right, among others, NOT to apply our Negative Balance Protection policy and transfer any or all funds you may have in a different trading account to set-off the obligations (e.g. negative balance) that have occurred to the other account used for any abusive acts.

24. Copy Trading

A. Copy Trading Platform

24.1. Our copy trading platform provides the ability to interact, follow and copy other traders and/or strategies as well as "copy trading features". Copy trading features include account information, trading histories, risk profiles, and other information in relation to Managers and/or strategies.

24.2. Copy trading allows traders (the "Investor") to copy trades from other traders (the "Manager"). By accepting to follow a strategy, the Investor authorizes us to automatically recreate all the trades placed in the Manager's account into the Investor Account without any prior consultation, consent or approval.

B. Investor

24.3. The Investor, by following a strategy of a Manager, hereby agrees to the following:

- (a) To authorize and instruct the Manager to act on his/her behalf as he/she deems appropriate and in accordance with the specific strategy;
- (b) To authorize the Company to perform all the necessary actions on the Investor's behalf in order to facilitate the subscription to a strategy. These include, but are not limited to, executing, on the behalf of the Investor and as triggered by the Manager's actions, the opening of past and new positions as well as pausing the opening of any new positions, closing all open positions, and exiting the subscription all together. The Company shall have all systems necessary in place to facilitate all of the aforementioned actions and will act in good faith. However, the Investor agrees to not hold the Company responsible for any financial losses that might be directly or indirectly related to the performance of any such systems. Such cases include, but are not limited to, network connection disruptions, data center outages, server instances malfunctions and third party software bugs. Please refer to Sections 17, 19 and 20 of this Agreement for more information;
- (c) Any strategy selected to be followed by the Investor will be followed in proportion to the Investment Amount the Investor chooses to allocate. Such proportion is calculated by taking into consideration the

Manager's equity and leverage and adjusting them to the Investment amount and leverage of the Investor. Subsequent balance operations or leverage changes on the Manager's behalf which affect the proportion will be automatically reflected and a new proportion ratio will be applied such as to maintain the initial allocation proportion.

- (d) To authorize and instruct the Company to transfer the Manager's commission from the Investor Account to the account allocated by the Manager for this purpose at the closing of each trade by the Manager.

24.4. The Investor acknowledges and accepts that by following a strategy of a Manager he/she accepts the commission set and the leverage used by the respective Manager, taking into consideration that the Company has set a maximum leverage ratio for the Investor account which can be changed by the Company from time to time. Please refer to our website for the leverage ratio applicable to an Investor Account.

24.5. The Investor understands that before copying a strategy of a Manager, he/she will need to allocate an amount equal or greater than the minimum investment amount set by the Manager. Such amount will be used to determine the volume ratio with which the Investor will open trades in respect to the Manager's positions. Thereafter, the Company will proceed to activate such subscription and automatically execute, for the duration of the subscription, all necessary orders without consulting or obtaining approval or confirmation from the Investor. In cases where the volume ratio applied equates to trade volume below the minimum threshold allowed, no such trade will be executed. In cases where the Investor maintains an open subscription to a strategy and the investor account equity amounts to less than USD 1 and there are no open positions, such subscriptions will undergo automatic termination.

24.6. The Investor acknowledges and agrees that variations in the pricing may occur from the moment that the Investor selects to copy a specific strategy to the actual moment that the Investor starts copying such a strategy.

24.7. The Investor acknowledges and accepts that if he/she selects to copy the Manager's open trades, the Company will open the position at the best available price at the time of copying and not the price at the time which the trade being copied was originally opened. If the relevant markets are closed at the time of copying, we will open a market order for you and once the market reopens, your order will be executed at the first available price.

24.8. Where the Investor is copying only new trades:

- (a) The Company will endeavor to open such positions as soon as possible after the time as the trades being copied and the prices the Investor will receive will be the prevailing market prices and can differ from those of the Manager due to a number of reasons such as timing and account type spreads.; and
- (b) All instructions and actions related to the copied trade will automatically be replicated in the Investor Account, including stop losses, take profits and the closing of trades.

24.9. The Company reserves the right at its absolute discretion to close any or all open position(s) of a Manager at any time and the Investor's Account shall be also closed accordingly. In case the Manager account is deleted, all Investor positions will be closed and relevant subscriptions will be exited automatically.

24.10. The Investor irrevocably and unconditionally acknowledges and agrees that any description provided by the Manager in relation to the strategy, including the performance fee, the minimum investment amount, the strategy type and/or any other features, has not been approved by the Company. Furthermore, the Investor acknowledges that a Manager has full discretion in the portfolio selection which might, at times, be not according to what is described at the strategy. The Investor further acknowledges, agrees and undertakes to perform his/her own due diligence on the Manager and the strategy before investing with the relevant Investor Account.

24.11. The Investor acknowledges and agrees that the Company shall not be and is not liable for any losses incurred in the Investor Account. The Investor further understands that such losses may exceed the Investment Amount he chose to allocate on the strategy and even higher than the losses suffered by the Manager.

C. Manager

24.12. The Company reserves the right to reject and/or block the visibility of a strategy for any reason including without limitation the below:

- (a) The provided description of the strategy is not in accordance with the provisions of the Agreement and/or any other laws or regulations that govern the business relationship of the Manager with the Company and/or it contains illegal and/or unethical references, and/or it personal or other information not related to the strategy, and/or lacks consistency and/or provides false, misleading information and/or infringe third party rights, including trademark and other intellectual property rights;
- (b) The selected name for a strategy is misleading and/or insulting and/or contains racist or religious references and/or refers to illegal actions, and/or does not respect morality or ethical standards; and/or
- (a) The selected picture connected to a strategy presents a minor and/or is inappropriate and/or misleading and/or insulting of a race and/or any religion and/or refers to illegal actions and/or does not respect morality or ethical standards.

24.13. The Company reserves the right at its absolute discretion to close any or all open position(s) of a Manager at any time.

24.14. The Manager's commission is calculated and paid to the Manager's account at the closing of every trade subject to a High Watermark calculation performed at the Company's discretion.

D. Limitations to copy trading service

24.15. The Company does not provide investment recommendations, investment advice, tax related or other financial related advice of any kind and/or investment management. Any explanation or information which we give as part of a copy trade or about the performance of the copy trade is not intended to be, and not be construed as advice. This information is provided solely for informational purposes.

E. Key risks of copy trading

24.16. By subscribing to a strategy, the Investor should consider his/her financial situation, including financial commitments. Copy trading is highly speculative, and losses can exceed the amount used to copy a strategy as a result of, including but not limited to the following:

- (a) Copied trades in amounts lower than the minimum trade volume threshold will not be opened;
- (b) Copy trading involves automated trading execution whereby trades are opened and closed in the Investor Account without the Investor's manual consent or approval; and
- (c) Changes made by the Manager in relation to the Manager's account, which affect the trading features of such account including but not limited account type, leverage and equity, might generate a materially different result for the Investor subscribing to the Manager. This can be due to a multitude of factors such as spreads, swaps, allocation ratios, price level timing and minimum volume threshold rejections.

24.17. Past performance, risk score, portfolio and any other information on our Copy Trading Platform are not reliable indicators of future performance. The Company does not represent or guarantee that the Investor will achieve profits or losses similar to those shown on the Manager's strategy. Furthermore, the Company does not represent or guarantee that the risk score of a Manager's strategy will accurately reflect the risk of their future performance.

24.18. The copy trading platform has a number of functionalities that we may make available from time to time. However, we may add, remove, or change the availability and features of such functionalities at our absolute discretion and without giving prior notice.

24.19. The Manager and the Investor acknowledge and agree that are subject to limitations depending on their region.

25. Security

25.1. Security interest: All Assets belonging to you which we may at any time be holding for you (either individually, jointly with another, or as a guarantor of the account of any other person) or which may at any time be in our possession or control or carried on our books for any purpose, including safekeeping, are to be held by us as security for the performance of your obligations to us and held subject to a general lien and right of set-off for any of your liabilities to us and irrespective of the number of Accounts you may have with us. Without limitation such security shall comprise the credit balances on your Account(s), any securities registered as belonging to you on our books, and the value of your open positions with us. We

may, in our absolute discretion and without notice to you, apply and/or transfer any or all Assets belonging to you between any of your accounts with us and combine or set off between accounts and convert any currency into another. Without prejudice to any other rights to which we may be entitled, we may at any time and without notice to you set off any amounts (whether actual or contingent, present or future) at any time owing between you and us paying you the difference. You may not withdraw or substitute any Assets or property subject to our Security interest without our prior express and written consent.

- 25.2. Our services to you are provided on the understanding that where you transfer money and/or Collateral to us by way of Margin or otherwise, we will treat this as a transfer of full ownership of such money and/or Collateral to us for the purpose of securing or covering your present, future, actual, contingent or prospective obligations, and we will not treat such money and/or Collateral as 'Client Money'. Any such money and/or Collateral received by us from you or a third party for your account will be owed by us to you, even where we are acting as your Agent and you no longer have a proprietary claim over such money and/or Collateral transferred to us by way of Margin, and we can deal with it in our own right. Accordingly, without prejudice to any other provisions of this Agreement, we shall have the right to pledge, charge, loan or otherwise use or dispose of all or part of such money and/or Collateral provided to us by way of Margin, as if we were the beneficial owner thereof. We will transfer an equivalent amount of money and/or Collateral back to you where, at our sole discretion, we consider that the amount of money and/or Collateral you have transferred to us is more than is necessary to cover your present and future obligations to us. You agree that Collateral provided in the form of investments will be returned to you in the form of investments of the same description and amount as those accepted by us as Collateral, but that any such Collateral returned to you need not be the actual investments provided by you.
- 25.3. **Set-off on Default:** If an Event of Default occurs (as defined hereinafter) or this Agreement terminates, we shall set-off the balance of cash Margin owed by us to you against your obligations (as reasonably valued by us) to us. The net amount, if any, payable between us following such set-off, shall take into account the amounts payable to us under the clause headed "Netting" of this Agreement.
- 25.4. **Right to pledge, re-pledge, hypothecate, invest or loan:** You hereby warrant and represent that any property or Assets you transfer to us as Collateral under these Terms and Conditions are free from any lien, Security interest or other encumbrance other than the lien created under these Terms. You hereby also grant to us the right to pledge, re-pledge, hypothecate, invest or loan, either separately or with the property of other clients any Collateral we hold for you whether, to ourselves as broker or to others in satisfaction of our clients' obligations to us or such third party.
- 25.5. **Negative pledge:** You undertake neither to create nor to have outstanding any Security interest whatsoever over, nor to agree to assign or transfer, any of the cash or non-cash Margin transferred to us, except a lien routinely imposed on all securities in a clearing system in which such securities may be held.
- 25.6. **Power to charge:** You agree that we may, to the extent that any of the Margin you provide us with under these Terms and Conditions constitutes "financial collateral" and this Agreement and your obligations hereunder constitute a "security financial collateral arrangement", free of any adverse interest of yours or any other person, grant a Security interest over Margin provided by you to cover any of our obligations to an intermediate broker or Market, including obligations owed by virtue of the positions held by us or other of our clients.
- 25.7. **Power of sale:** If an Event of Default occurs (as defined hereinafter), we may exercise the power to sell all or any part of the Margin you provide us with under these Terms and Conditions and shall be entitled to apply the proceeds of sale or other disposal in paying the costs of such sale or other disposal and in or towards satisfaction of the Secured Obligations. Such sale shall take place by the means that we in our reasonable discretion determines and at the price that we in our reasonable discretion determine to be the best obtainable.
- 25.8. **General lien:** In addition and without prejudice to any rights to which we may be entitled under this Agreement or any Applicable Laws, Rules and Regulations we shall have a general lien on all Assets and property held on your behalf by us, our Associates or our nominees, until the satisfaction of all Secured Obligations. Without limitation, such general lien shall comprise the credit balances on your Accounts, the securities registered as belonging to you on our books, and the value of your open positions with us. We may, in our absolute discretion and without notice to you, apply and/or transfer any or all such Assets which you have deposited at any time with us or which may at any time be in our possession or control or carried on our books for any purpose, including safe keeping, between any of your Accounts with us and combine or set off between accounts and convert any currency into another. Without prejudice to any other rights to which we may be entitled, we may at any time and without notice to you set-off any amounts (whether

actual or contingent, present or future) at any time owing between you and us paying you the difference.

26. Commissions, Fees and Charges

- 26.1. You shall pay to us such fees and charges (including, without limitation, spreads, charges, interest and other fees) ("Commissions and Charges") at such rates as are notified by us to you from time to time or published on our Online Trading Facility. By accepting these Terms and Conditions, you acknowledge that you have read, understood and accepted the information under the Spreads / Conditions Schedule posted on our Online Trading Facility at, in which all such Commissions and Charges (including, without limitation, spreads, charges, interest and other fees) are explained.
- 26.2. We reserve the right to amend, alter, modify, delete or add to any of these Commissions and Charges at any time and at our sole discretion. When these Commissions and Charges are modified (hereinafter referred to as "**Changes**") we will post such Changes on our Online Trading Facility and/or otherwise notify you of such Changes, each such notification of which shall be deemed as sufficient notice and it is your duty to consult and/or to check regularly the information posted under the Spreads and Conditions Schedule on our Online Trading Facility regarding any such Changes. Therefore, you should review the Spreads and Conditions Schedule on our Online Trading Facility from time to time so as to ensure that you will be aware of any such Changes. Except if, and then to the extent provided otherwise in this Agreement, all Changes shall be effective five (5) calendar days after their initial posting on our Online Trading Facility, or as of the first time that you access and/or use our Online Trading Facility after such amendments are made, whichever is sooner. Your continued use of our Online Trading Facility after the publication of any Changes shall be considered as your agreement to such Changes and shall be governed by those Terms and Conditions, as modified. If you do not wish to be bound by those Changes, you should cease to use our Online Trading Facility, and inform us in writing, immediately.
- 26.3. In the event that such Changes are to your advantage, or the grounds for such Changes are due to external circumstances beyond our reasonable control, we are entitled to modify such Commissions and Charges with immediate effect, without the need to give prior notice. Such circumstances may include, without limitation: (a) Changes in the relationship with our Counterparties, which affect our cost structures; (b) Changes in commissions and charges from exchanges, clearing houses, information providers or other third party providers that are passed on by us to you.
- 26.4. A Fair Value Adjustment ("FVA") is being applied on overnight short and long positions (credit/debit) of certain spot and cash instruments. Particularly, due to how our spot instruments are being priced by our Liquidity Providers (i.e., the difference between the two most sufficiently liquid future CFDs with the closest expiry date), we apply a Fair Value Adjustment on the overnight positions held on the specific CFDs instruments. Depending on your overnight position and the price differential between the next future contracts and the cash instrument, your account will be adjusted accordingly with either a debit or a credit value.
- 26.5. The Fair Value Adjustment is split into two aspects:
- i) a day's movement of our spot price from the earlier future contract to the later one; and
 - ii) a daily admin fee.
- 26.6. The difference in price between the two future contracts is dependent on the specific CFD instrument held and the current market conditions, and can vary substantially. That is, any increase or decrease in Fair Value Adjustment either to be credited/debited is exclusively stemming from market conditions affecting the specific instrument and is credited/debited to offset them on a daily basis.
- 26.7. For positions held open during the market closure on Fridays, a Fair Value Adjustment is applied on a triple rate (i.e., charged for three (3) days).
- 26.8. The Fair Value Adjustments rates are posted on the members area and are subject to change at our reasonable discretion.
- 26.9. In addition to the above, you shall be responsible for the payment of any other fees and charges that may be incurred as a result of the provision of our Services to you, including, without limitation, all applicable VAT (if any) and other duties and/or taxes, and all other fees incurred by us in connection with any Transaction and/or Contract and/or in connection with maintaining a client relationship with you.
- 26.10. In particular, we shall be entitled to demand that the following fees and/or expenses are paid separately

by you: (a) all extraordinary disbursements resulting from our client relationship e.g. telephone, telefax, courier, and postal expenses in the event that you request hardcopy Settlement/Trade Confirmations, Account Statements etc. which we could have delivered in electronic form; (b) any expenses we may incur, caused by non-performance by you, including a fee determined by us in relation to forwarding of reminders, legal assistance etc.; (c) any expenses we may incur in connection with replies to inquiries by public authorities, including, without limitation, a fee determined by us in relation to forwarding of transcripts and enclosures and for the preparation of copies; (d) administration fees in connection with Security deposits, and any expenses we may incur in relation to a pledge, if provided, including any insurance premium payments; (e) transaction fees, in the event that no significant trading activity is developed in your Account; and (f) any expenses we may incur in connection with auditor's comments/reports if such is requested by you; (g) swaps/rollover fees (h) a fee for any type of abuse/prohibited trading activity performed in your trading account either solely or in connection with other clients of our Company. Regarding the latter, where our business relationship has been terminated but you, however, managed to successfully open an account and trade with our Company due to any technical and/or human error, we reserve every right to immediately close your account upon identification, nullify any profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges, back to the same source of deposit.

- 26.11. Any such fees and/or expenses will be charged either as a fixed amount corresponding to payments effected, or as a percentage or hourly rate corresponding to the service performed. The methods of calculation can be combined. We reserve the right to introduce new fees.
- 26.12. In addition, we (and/or our Associates, Business Introducers or other third parties) may share and/or benefit from commission, mark-up, mark-down or any other remuneration in respect of any Transactions and/or Contracts entered into by us and/or in respect of any Transactions and/or Contracts carried out on your behalf. Details of any such remuneration or sharing arrangement will not be set out on the relevant Settlement/Trade Confirmations. We may, upon reasonable request, to the extent possible and at our sole discretion, disclose to you the amount of any such commission, mark-up, mark-down or any other remuneration paid by us to any Associate, Business Introducer or other third party.
- 26.13. In the event that you instruct us to transfer open positions, moneys, and/or other Assets relating to your Account to another institution, you agree to pay us a transfer fee, as determined by us at our sole discretion.
- 26.14. If your Account(s) remain inactive for twelve (12) months, we reserve the right to charge you a one-off account maintenance fee of USD 15 (or currency equivalent), followed by a monthly fee of USD 10 for each month that the Account remains inactive in accordance with clause 31.4. We reserve the right to change the 12-month inactivity period as we deem necessary.
- 26.15. If we receive or recover any amount in respect of any of your obligations in a currency other than that in which such amount is payable, whether pursuant to a judgment of any court or otherwise, you will indemnify us and hold us harmless from and against any cost (including costs of conversion) and loss suffered by us as a result of receiving such amount in a currency other than the currency in which it is due.
- 26.16. We shall be entitled, but shall not in any circumstances be obliged, to convert:
- (a) any realised gains, losses, option premiums, commissions, interest charges and brokerage fees which arise in a currency other than your Base Currency (i.e. the currency in which your Account with us is denominated) to your Base Currency;
 - (b) any cash currency deposit to another cash currency deposit for the purpose of purchasing an asset de-nominated in a currency other than your Base Currency;
 - (c) any funds held by us for you into such other currency as we consider necessary or desirable to cover your obligations and liabilities in that currency.
- 26.17. Whenever we conduct such currency conversions, we will do so at such reasonable rate of exchange as we select. We shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up will be defined in the Spreads and Conditions Schedule on our Online Trading Facility.
- 26.18. All Commissions and Charges and other fees and charges shall be regarded as being due and payable immediately. Unless specified otherwise in these Terms and Conditions, any sums due to us pursuant to these Terms and Conditions may be deducted by us from the proceeds of any transaction or debited from your Account(s) with us. In the event of late payment by you, overdue amounts shall bear interest at a rate that we shall reasonably determine.

26.19. Unless specified otherwise in these Terms and Conditions, all amounts due to us (or to any agents used by us) shall, at our sole discretion: (a) be deducted from any funds held by us for you; or (b) be paid by you in accordance with the provisions of the relevant difference account, Settlement/Trade Confirmation or other advice.

27. Payments

27.1. You may deposit funds into your Account at any time. Deposits will only be accepted by a payment method (e.g. bank wire transfer, e-wallets etc.) in the same name as yours. Under no circumstances will third party or anonymous payments be accepted.

27.2. Unless expressly determined and stated otherwise in this Agreement, we do not accept payments by cash and/or cheque. In those instances where we might agree, in principle, to accept payment by cash and/or cheque, we shall nonetheless have the right to refuse payment by cheque if any payment given has not cleared on the first presentation of the cheque.

27.3. If you give an instruction to withdraw funds from your Account, we will reduce the requested funds immediately from your Account balance and shall use our best efforts to process the specified withdrawal request within one (1) Business Day following the day on which the withdrawal request has been accepted, provided that the following requirements are met: (a) the withdrawal request includes all necessary information; (b) the instruction is to make a payment through a payment method in your name (e.g. bank wire transfer, electronic payment method(s), etc.); (c) you have provided full identification documentation to support your withdrawal request; and (d) in cases where there are open positions in the Account, the Margin Level in your Account does not fall below the minimum required level specified in our Online Trading Facility. Margin Level requirements may be higher in cases as referenced in sub-clause 22.4 (Margin Requirements prior to and during Market Disruptions) so as to avoid any possible withdrawal request to cause the Margin Level in your Account to fall below the minimum required level, as specified in our Online Trading Facility.

27.4. If we accept any payments to be made by a debit card, credit card or any other payment method in respect of which processing fees may be charged, we reserve the right to levy a transfer charge.

27.5. If you make a payment/deposit, we shall, without prejudice to any other provisions of this Agreement, use our best efforts to credit your Account with the amount of such payment within one (1) Business Day following the day on which the deposit has been accepted, if we are satisfied that you are the sender of the funds. At any given time, if we are not satisfied that you are the sender of the funds deposited in your Account, we reserve the right to reject such funds and/or return them to the remitter net of any transfer fees or other charges. You may be required to submit additional documentation as required by applicable "**Anti-Money Laundering ("AML") Legislation**" and/or any other similar rules and regulations applicable to us. We reserve the right to charge a "**USD 50 - handling fee**" to your Account upon confirming that the deposit received was not sent by you (i.e. third party deposit) to cover our expenses to prove that you engaged in a third party deposit, and you hereby authorize us to charge this amount.

27.6. We shall be entitled, but shall not in any circumstances be obliged, without prior notice to you, to convert: (a) any realized gains, losses, option premiums, commissions, interest charges and brokerage fees which arise in a currency other than the Base Currency of your Account (i.e. the currency in which your Account with us is denominated) to the Base Currency of your Account; (b) any cash currency deposit to another cash currency deposit for the purpose of purchasing a Financial Instrument or asset denominated in a currency other than the Base Currency of your Account; (c) any funds deposited with us or held by us on your behalf into such other currency as we consider necessary or desirable, at our sole discretion, to cover your obligations and liabilities in that currency; whenever we conduct such currency conversions, we will do so at such reasonable rate of exchange as we select, at our sole discretion; under these circumstances, we shall be entitled to add a mark-up to the exchange rates; any such prevailing mark-up (if any) shall be posted on our Online Trading Facility in the Commission, Charges & Margin Schedule.

27.7. All foreign currency exchange risk arising from any deposits in and/or withdrawals from your Account, or resulting from the compliance by us with our obligations or the exercise by us of our rights under these Terms and Conditions, will be borne by you.

27.8. We shall not be obliged: (a) to pay interest to you on any credit balance(s) in any Account(s) or on any other funds you deposit with us or which we are holding on your behalf; or (b) to account to you for any interest received by us, or in respect of which we are the beneficiary, in connection with any funds you

deposit with us or which we are holding on your behalf, or in connection with any Contract and/or Transactions; you consent to waive all rights to such interest and you acknowledge and agree that we will be the beneficiary of all such interest.

Unless you notify us beforehand and in writing, we may allow a third party, such as an exchange, a clearing house or an intermediate broker to hold all control all or part of your Client Money, where we transfer your Client Money: (a) for the purposes of a Transaction and/or Contract you have entered into, or are entering into with such third party; or (b) to meet your obligations to provide Collateral or Margin for a Transaction and/or Contract (e.g. an initial Margin requirement for a derivative Transaction).
- 32.3. You hereby authorize us to make any deposits and withdrawals from your Account with us on your behalf, including, without limitation and prejudice to the generality of the above, withdrawals for the settlement of all Transactions undertaken and/or Contacts entered into under these Terms and Conditions, as well as for the settlement of any and all amounts which are payable by you, or on your behalf, to us or any other person under and/or pursuant to these Terms and Conditions.
- 32.4. Unless otherwise determined, any amount payable by us to you, shall be paid directly to you and not to any other Person, except in those instances there this has been agreed upon by mutual consent of the Parties.
- 32.5. Without prejudice to any other provisions of this Agreement, we may, at our sole discretion, from time to time and without your prior authorisation, set-off any amounts held on your behalf against your obligations to us and/or merge any of your Accounts with us.
- 32.6. You are entitled to withdraw the funds from your Account which are not used for Margin covering, without closing your Account.

32.7. Where your Account is inactive for a period of seven (7) years with a positive balance (i.e., there are funds available in your Account) and during that period no transactions have been carried out in relation to the Account or on the instructions of the holder of the Account and we are unable to contact you after we take reasonable efforts to achieve this, we will have the right to cease treating those funds as Client Money and make a deduction from your Account in accordance with sub-clause 26.9. If you later make a valid claim to us, we may pay you any amount owed to you by us.

33. Dormant and Archiving Policy

33.1. In the event that there is no activity (trading/withdrawals/deposits/internal transfers) in all of your Accounts for a set period of at least ninety (90) calendar days we will regard your Accounts to be "**dormant**". An Account shall be deemed as dormant from the last day of the ninety (90) calendar days in which there has been no activity (trading/withdrawals/deposits/internal transfers) in the Account.

33.2. Any pending orders may be deleted from dormant Accounts.

33.3. All remaining bonuses / promotion credits will be automatically removed from dormant Accounts.

33.4. Dormant Accounts will be charged with a monthly dormant fee of USD 10 (ten United States Dollars) or the full amount of the free balance in the Account if the free balance is less than USD 10 (ten United States Dollars). There will be no charge if the free balance in the Account is zero.

33.5. Accounts with zero balance are deemed as "**archived**" on the last day of the 90 (ninety) calendar days which there was no activity in them (trading/withdrawals/deposits/internal transfers).

33.6. Trading accounts with a balance of USD 5 (or currency equivalent) and lower will be archived after a period of 90 (ninety) calendar days. Trading accounts are deemed archived from the last 90 (ninety) calendar days during which there was no activity in them (trading/withdrawals/deposits/internal transfers).

34. Affiliates / Introducers of Business

34.1. If you were introduced to our Company by an Affiliate/Introducer of Business, you acknowledged and agree that:

- (a) You authorized the Affiliate/Introducer of Business to introduce you to the Company;
- (b) A commission may be paid to the Affiliate/Introducer of Business for introducing you to the Company, the amount of which can be found on the relevant section of our website;
- (c) The Company shall not be liable for any type of agreement that may exist between the Client and the Affiliate/Introducer of Business or for any additional costs as a result of this Agreement; and
- (d) The Affiliate/Introducer of Business is not a representative of the Company.

35. Conflicts of Interests

35.1. You should be aware that when and where we, our Associates or other persons or companies connected with us, arrange Transaction and/or Contracts with you, we may have an interest, relationship or arrangement that is material in relation to the Transaction and/or Contract concerned. Should such a conflict of interest arise we will seek to resolve such conflict in such a way as we believe is in your best interests in accordance with our conflicts of interest policy (as amended or extended from time to time) ("**Conflicts of Interest Policy**").

35.2. Specifically you hereby acknowledge and confirm that: (a) we may assign or transfer the execution of your Orders to our Associates and or other third parties, as we deem fit; (b) we may execute at the same time Orders by different clients that are opposite to one another; (c) we may establish business, including without limitation, trading relationships with other issuers of Financial Instruments and we may have a financial interest in such Financial Instruments; (d) we act as a Market Maker and in this context there may be inherent Conflicts of Interest; and (e) we may compensate and/or share our revenues from your activity with our Associates, partners and/or other similar parties performing marketing activities on our behalf. You hereby further acknowledge and agree that we also may compensate other clients who you have elected to follow and/or copy.

35.3. Full details of our Conflicts of Interest Policy are available on our Online Trading Facility. Our Conflicts of Interest Policy is a policy only, it is NOT part of these Terms and Conditions and is not intended to be contractually binding or impose or seek to impose any obligations on us which we would not otherwise

have, but for the Applicable Laws, Rules and Regulations.

35.4. By accepting these Terms and Conditions, you expressly acknowledge and agree that we may transact such business without prior reference to any potential specific Conflict of Interest.

36. Risk Disclosures, Acknowledgement and Warranties

36.1. You acknowledge, recognize and understand that trading and investments in leveraged as well as non-leveraged Transactions and/or Contracts is: (a) highly speculative; (b) may involve an extreme degree of risk; and (c) is appropriate only for persons who, if they trade on Margin, can assume a substantial risk of loss in excess of their Margin deposit.

36.2. You further acknowledge, recognize and understand that: (a) because of the low level of Margin normally required in highly leveraged transactions, price changes in the Underlying Instrument may result in significant losses; (b) certain Market Conditions may make it difficult or impossible to execute Orders at a stipulated price; (c) when you instruct us to enter into any Transaction and/or Contract, any profit or loss arising as a result of a fluctuation in the value of the Financial Instrument or the Underlying Instrument will be entirely for your account and risk; (d) we will not provide any advice to you; therefore, you agree not to hold us responsible for any losses incurred as a consequence of following any of our suggestions or those of our employees, Associates or representatives, unless we have exercised gross negligence in connection herewith; (e) we shall not conduct any continuous monitoring of the Transactions and/or Contracts entered into by you; accordingly, we cannot be held responsible for any Transactions and/or Contracts developing differently from what you might have presupposed and/or to your disadvantage; (f) guarantees of profit or freedom from loss are impossible in investment trading; (g) you have received no such guarantees or similar representations from us, nor from any of our Associates, from a Business Introducer, or representatives hereof.

36.3. In light of the risks, you should undertake such transactions only if you understand the nature of the trading into which you are about to engage and the extent of your exposure to risk. Trading in leveraged Financial Instruments is not suitable for many members of the public and you should carefully consider whether such trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances. You acknowledge and confirm that you have been advised and understand the following factors concerning trading in leveraged Financial Instruments in the Over-the-Counter Market, in addition to those contained in the Risk Disclosure Statement posted on our Online Trading Facility.

(a) **General:** When you enter into foreign currency contracts with us, you will be entering into a privately negotiated Transaction and/or Contract with us, as Principal. We may, in turn, enter into "back-to-back" transactions with others, including our Associates and third-party Counterparties. We include our mark-up in the Price Quotes we provide to you. The Transactions and/or Contracts in leveraged Financial Instruments you may be entering into with us are NOT executed on a regulated exchange and are not cleared on a central clearing organization. Consequently, any Transaction and/or Contract entered into with us will be an obligation on our part (as opposed to an obligation of a clearing house as in the case of an exchange-traded contract) and you will not be afforded the regulatory and financial protections offered by exchange-traded contracts. Both of us are, therefore, obliged to perform our respective obligations under each Transaction and/or Contract in accordance with its terms. The terms of each Transaction and/or Contract are set out in these Terms and Conditions (which apply to every Transaction and/or Contract you enter into with us) and the Settlement/Trade Confirmation (which applies to each particular Transaction and/or Contract). Because each Transaction and/or Contract is a transaction between you and us, and is not cleared on a central clearing house, you will not be able to transfer your obligations under the Transaction and/or contract to another Person without our prior consent. In addition, we are under no obligation to terminate or close out the Transaction and/or Contract prior to the expiration date of that Transaction and/or Contract. We may, but we are not obligated, to quote you a price for an early close out of a Transaction and/or Contract, on request.

(b) Effect of "**Leverage**" or "**Gearing**": Transactions in leveraged Financial Instruments carry a high degree of risk. The amount of Initial Margin may be small relative to the value of the Financial Instruments traded so that Transactions and/or Contracts are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds you have deposited or will have to deposit: this may work against you as well as for you. You may sustain a total loss of initial Margin funds and any additional funds deposited with us to maintain your position. If the Market moves against your position or Margin Levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. We reserve the right to liquidate positions without prior notice in the case of any Margin shortfall or if you fail to comply with a request for additional funds

within the time prescribed. Furthermore, you should be aware that we and/or Associates may from time to time have substantial positions in, and may make a market in or otherwise buy or sell instruments similar or economically related to, Transactions and/or Contracts entered into with you. In addition, we may also undertake proprietary trading activities, the initiation or termination of a foreign currency contract transaction with you that may adversely affect the Market price or other factors underlying the Transactions and/or Contracts entered into with you and consequently, the value of such Transaction and/or Contract.

- (c) The Company may at any time and from time to time amend the leverage ratios (i.e., decrease or increase the leverage ratios) in its sole discretion and without any notice on a case by case basis on all or any Accounts of the Client and based on any parameter it chooses, including applying different leverage ratios to different investments or times or in relation to external events such as government announcements or any news. Any change in the leverage ratio may take effect before or after an Order is completed. A decrease in the leverage ratio will affect your Margin Level, Margin Call Level, Stop-out Level and may trigger a Margin Call. We will not be liable to you for any loss arising from any change in the leverage ratios, even if that automatically causes any or all of your trading positions to be closed out or if your Account is treated differently from other clients' Accounts. Any monitoring by the Company is for its compliance and risk management and you should not rely on the Company to monitor your trading or the effect of any change in the leverage ratios applying to your Account. For further information on the leverage offered per financial instrument, please refer to our Website.
- (d) **Option Transactions:** We currently do NOT offer foreign currency options.
- (e) **Trading in Transactions in leveraged Financial Instruments is Speculative:** Prices of leveraged Financial Instruments are highly volatile. Price movements of Transactions and/or Contracts in leveraged Financial Instruments are influenced by, among other things, interest rates, changes in balance of payments and trade, domestic and international rates of inflation, international trade restrictions and currency devaluations and revaluations. For example, there can be serious Market Disruptions if economic or political events locally or overseas affect the market. It is not possible to foresee all risks in advance.
- (f) **Electronic Trading:** You will trade in leveraged Financial Instruments through our Online Trading Facility. Trading on an electronic trading system may differ not only from trading in an 'open-outcry' Market, but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your Order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfilment of the Margin requirements. Since we do not control signal power, its reception or routing via internet, configuration of your equipment or reliability of its connection, we cannot be responsible for communication failures, distortions or delays when trading on-line via the Internet. We do, however, employ back-up systems and contingency plans to minimize the possibility of system failure, and trading via telephone is available in those instances where specifically agree, at our sole discretion, to do so.
- (g) **Commissions and other charges:** Before you begin to trade, you should obtain a clear explanation of all commission, fees, mark ups, markdowns and other charges for which you will be liable, as these charges will affect your net profit (if any) or increase your loss.
- (h) **Risk-reducing and entry Order strategies:** The placing of certain Orders ('Stop-Loss' Orders or 'Stop-Limit' Orders, 'Entry Buy' Orders or 'Entry Sell' Orders) which are intended to limit risk, may not be effective because Market conditions may make it impossible to execute these Orders. Strategies using combinations of positions, such as 'spread' and 'straddle' positions may be just as risky as taking long or short positions. Clients' Orders will become Market Orders when the predetermined price level is reached, even if the price is considerably different from the original Order.
- (i) **Suspension or restriction of trading and pricing relationships:** Market conditions (e.g., liquidity) and/or the operation of the rules of certain Markets (e.g., the suspension of trading in any Financial Instrument or underlying Instrument because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect Transactions and/or Contracts or liquidate/offset positions. Furthermore, normal pricing relationships between the Underlying Instrument and the Financial Instrument traded may not exist. The absence of a price for an Underlying Instrument may make it difficult to judge "fair" value.

- (j) **Deposited cash and property:** You should familiarize yourself with the protections accorded to money or other property you deposit for domestic and foreign Transactions and/or Contracts, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property, which has been specifically identifiable as your own, will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall. The Transactions and/or Contracts you are entering into with us are NOT traded on an exchange. Therefore, under applicable bankruptcy laws, your funds may NOT receive the same protections as funds used to Margin or guarantee exchange-traded Transactions and/or contracts, which may receive a priority in bankruptcy. Since that same priority has NOT been given to funds used for Transactions and/or Contracts in the Over-the-Counter (OTC) Market, if we were to become insolvent and you have a claim for amounts deposited or profits earned on Transactions and/or Contracts with us your claim may not receive priority. Without priority, you are a general creditor and your claim will be paid, along with the claims of other general creditors, from any funds still available after priority claims are paid. In these circumstances, even the Client Money, which we keep separated from our own operating funds, may NOT in all instances be safe from the claims of other general and priority creditors.
- (k) **Currency risks:** The profit or loss in Transactions and/or Contracts in leveraged Financial Instruments (whether they are traded in your own or in another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the position taken to another currency.
- (l) **Transactions in other jurisdictions:** Transactions on markets in other jurisdictions, including Markets formally linked to a domestic market, may expose you to further, additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Before you trade, you should enquire about any rules relevant to your particular Transactions and/or Contracts. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your Transactions and/or Contracts have been effected. You should enquire about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.
- (m) **Quoting and Execution Errors:** Should quoting and/or execution errors occur, which may include, but are not limited to, a dealer's mistype of a quote, a quote or trade which is not representative of fair Market prices, an erroneous price quote, such as, but not limited to, a wrong big figure quote or an erroneous quote due to failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors, we will not be liable for the resulting errors in your Account balances. In addition, Orders must be placed allowing sufficient time to execute, as well as, sufficient time for the system to calculate necessary Margin requirements. The execution of Orders placed too close to prices, which would trigger other Orders (regardless of Order type) or a Margin call, cannot be guaranteed. We will not be liable for the resulting Margin call(s), resulting balance, and/or positions in your Account due to the system not having been allowed sufficient time to execute and/or calculate accordingly. The foregoing list is not meant to be exhaustive and in the event of a quoting or execution error, we reserve the right to make the necessary corrections or adjustments on the Accounts involved. Any dispute arising from such quoting or execution errors will be resolved by us in our sole and absolute discretion. You agree to indemnify and hold us harmless from any and all damages or liability as a result of the foregoing. No correspondence will be entered into.
- (n) **Off-Exchange Transactions:** The Transactions and/or Contracts you are entering into with us as counterparty are NOT traded on an exchange, but in the off-exchange/Over-the-Counter (OTC) Market. In general, the Over-The-Counter (OTC) Market is unregulated, there are no limitations on daily price movements (unless imposed by a government or central bank authority), no rules to regulate valuation or settlement procedures, and no minimum financial requirements for market participants. Accordingly, it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange Transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such Transactions, you should familiarize yourself with applicable rules and attendant risks.

36.4. In addition to the foregoing, it is important that you be fully aware of the following points:

- (a) We reserve the right to close part, or all, of your open positions, in order to facilitate the charge of any fees or amounts due by you. Notwithstanding, you shall be liable for promptly paying such fee(s)

to us, even if you suffer full loss of all Margin deposited by you.

- (b) In case any Underlying Instrument is not available for trading for any reason (including but not limited to insolvency reasons, management decisions, etc.), we reserve the right to close any open/pending positions on the last quoted price as this is obtained from our liquidity providers.
- (c) We do NOT guarantee any Order. Placing 'stops ("**Stops**")', regardless of the entry or closing designation, does not guarantee that the trade will be filled at the Order price. All 'Entry Stops' and 'Stops' will be filled, upon activation, at the first/best available market price, which may or may not match the requested Order price.
- (d) In the event liquidity providers are unable to provide liquidity to us, your Order may experience delays in execution or you may not be able to place Orders entirely. The size of the Order may also impede the speed at which the Order is executed. Keep in mind that it is necessary to enter any Order only once. Multiple entries for the same Order may inadvertently open unwanted positions.
- (e) While trading on our Online Trading Facility, you might encounter system errors that are resulted from hardware and/or software failures. The result of any system failure may be that your Order is either not executed according to your instructions, executing with account balance errors and discrepancies or not executed at all. We will not be liable for the resulting errors in your Account balances. We reserve the right to make the necessary corrections or adjustments on the Account involved.
- (f) No system exists that could assure you that Transactions in leveraged Financial Instruments should bring you great benefits, nor is it possible to guarantee, that your Transactions and/or Contracts will yield favourable results.
- (g) Even though the foreign currencies, commodities and indices markets are liquid as compared with other financial and exchange markets, the market conditions might at times render the execution of an Order or of a '**limit**' on an Order (either '**Stop Loss**' or '**Take Profit**') at a stipulated price impossible. Accordingly, even though the extent of the losses could be subjected to an agreed upon limit, the risk of incurring losses could be higher, and that loss could occur in a relatively short period of time.
- (h) Since deposit of an additional guarantee is not obligatory in this case, we reserve the right, at our sole discretion, to close any outstanding balances without your consent under these circumstances.
- (i) Under abnormal Market conditions, CFDs may fluctuate rapidly to reflect unforeseeable events that cannot be controlled either by us or by you. Such circumstances may limit partially or fully your ability to trade.
- (j) Our Online Trading Platform does not support negative prices of financial instruments. In the unlikely event of the price of any financial instrument reaching zero (0) or going below, our Online Trading Platform will automatically start closing any open positions at the current market price.
- (k) It is important to make a distinction between indicative Quotes, which are displayed on charts and dealable Quotes which are displayed on our Online Trading Facility. Indicative Quotes only give an indication of where the Market is. Because the derivatives products Markets are decentralized, meaning they lack a single central exchange where all transactions are conducted, each Market Maker may quote slightly different prices. Therefore, any prices displayed on any chart made available by us or by a third party will only reflect "**Indicative Quotes**", and not necessarily actual "**Dealable Quotes**" in respect of which Transactions or trades can be executed.
- (l) The risk information presented here does not reflect all of the risks as well as other important aspects intrinsic to Transactions in leveraged Financial Instruments. Therefore, before starting to trade, you should learn the specifics of entering into such Transactions in detail or seek further professional advice.
- (m) Unless you have elected to carry a trade over the weekend, all trades will automatically close out in the real money mode when market closes at the end of the business week at the rates available on the end of the last trading day of the relevant week. All statements with respect to real money accounts will be open during the weekend and all traders are welcome to view their trading Account info. We reserve the right not to offset Contracts carried over the weekend shortly after markets are open. We may, at our sole discretion, allow offsetting Contracts carried over the weekend when market liquidity conditions are reasonable.

(n) There are a series of inherent risks with the use of the mobile trading technology such as the duplication of Order instructions, latency in the prices provided, and other issues that are a result of mobile connectivity. Prices displayed on our mobile platform are solely an indication of the executable rates and may not reflect the actual executed price of the Order. Our mobile feature utilizes public communication network circuits for the transmission of messages. We shall not be liable for any and all circumstances in which you experience a delay in Price Quotes or an inability to trade caused by network circuit transmission problems or any other problems outside our direct control, which include but are not limited to the strength of the mobile signal, cellular latency, or any other issues that may arise between you and any internet service provider, phone service provider, or any other service provider. Please further note that some of the features available on our Online Trading Facility may not be available on our mobile feature.

36.5. In addition to, and without prejudice, to any other representations, warranties and covenants set forth in this Agreement, you hereby further represent, warrant, covenant and agree: (a) that you act as Principal and sole beneficial owner (but not as trustee) in entering into this Agreement and each Transaction and/or Contract performed hereunder and that no Person other than you has or will have an interest in your Account(s); (b) that, regardless of any subsequent determination to the contrary, trading in leveraged Financial Instruments on the Over-the-Counter Market (and in such other investments as we may from time to time agree) is suitable for you and that you are aware of all risks involved with such Transactions and/or Contracts; and (c) that you are willing and financially able to sustain a total loss of funds resulting from Transactions and/or Contracts performed hereunder.

36.6. By using our Online Trading Facility, you represent, warrant, covenant and declare that all the funds that you use and invest on our Services do not originate in any way from drug trafficking, abduction, terrorist activity or any other criminal activity that is unlawful or could be considered unlawful by any authority. In the event that we may become suspicious that you may be engaging in or have engaged in such fraudulent, unlawful or improper activity, including, without limitation, money laundering activities, or conduct otherwise in violation of these Terms and Conditions, your access to our Online Trading Facility may be terminated immediately and/or your Account may be blocked. If your Account is terminated or blocked in such circumstances, we are under no obligation to refund any funds that may be in your account, unless otherwise instructed by a relevant regulatory authority. In addition to terminating your access to our Online Trading Facility and/or blocking your Account, we reserve the right to prevent you from accessing our website or servers, or accessing any other services offered by us. We shall be entitled to inform the relevant authorities, other online service providers and banks, credit card companies, electronic payment providers or other financial institutions of your identity and of any suspected unlawful, fraudulent or improper activity and you will cooperate fully with us to investigate any such activity.

36.7. The above representations and warranties shall be deemed to be repeated each time in the future you enter into a Transaction or Contract or provide Instructions to us, for the duration of our business relationship.

36.8. You covenant to us that: (a) you will at all times obtain and comply, and do all that is necessary to maintain in full force and effect, all authority, powers, consents, licences and authorisations referred to in this clause; (b) you will promptly notify us of the occurrence of any Event of Default or potential Event of Default; (c) you will use all reasonable steps to comply with all Applicable Laws, Rules and/or Regulations in relation to this Agreement and any Transaction and/or Contract hereunder, so far as they are applicable to you or us; (d) you will not send Orders or otherwise take any action that could create a false impression of the demand or value for Financial Instrument, or send Orders which you have reason to believe are in breach of Applicable Laws, Rules and Regulations (e) you shall observe the standard of behaviour reasonably expected of persons in your position and not take any step which would cause us to fail to observe the standard of behaviour reasonably expected of persons in our respective positions; and (f) upon demand, you will provide us with such information as we may reasonably require to evidence the matters referred to in this clause or to comply with any Applicable Laws, Rules and Regulations.

36.9. You represent and agree that, if you are employee or contractor of a financial services firm or any other firm that has controls over the financial transactions in which its employees and contractors deal, you will give us proper notice of this and of any restrictions that apply to your dealings. In such case, we reserve the right to request for acknowledgement/confirmation letter from the Compliance Department of your firm regarding the trading accounts/transactions that are held/being carried out with our Company.

36.10. You further represent and agree that you will not use our bid and ask prices for any purpose other than for your own trading purposes, and you agree not to redistribute our bid and ask prices to any other person

whether such redistribution be for commercial or other purposes.

- 36.11. You represent and warrant that you have implemented and plan to operate and maintain appropriate protection in relation to the security and control of all access and use of your computer, infection or viruses, worms, Trojan horses or other code that manifest contaminating or destructive properties and/or other similar harmful or inappropriate materials, devices, information or data.
- 36.12. You agree that we shall not be liable, in any manner whatsoever, to you in the event of failure of or damage or destruction to your computer systems, data or records or any part thereof, or for delays, losses, errors or omissions resulting from the failure or mismanagement of any telecommunications or computer equipment or software.
- 36.13. You will not transmit to, or in any way, whether directly or indirectly, expose us or any of our online service providers to any infection or viruses, worms, Trojan horses or other code that manifest contaminating or destructive properties and/or other similar harmful or inappropriate materials, devices, information or data.
- 36.14. You agree to be fully and personally liable for the due settlement of every Transaction and/or Contract entered into through your Account with us. You are responsible for ensuring that, unless we otherwise agree beforehand and in writing, you, and only you, shall control access to your Account, and that no Minor or other person is granted access to trading on our Online Trading Facility using your Account. In any event, you, and only you, shall remain fully liable for any and all positions traded in your Account, and for any credit card transactions entered into for your Account. You agree to indemnify us fully in respect to all costs and losses whatsoever, as may be incurred by us and/or by you as a result, direct or indirect, of your failure to perform or settle such a transaction.
- 36.15. You agree that in the case that any Transaction is entered into, and/or any Contract is acquired or sold at prices that do not reflect relevant Market Prices, or that is acquired or sold at an abnormally low level of risk ("*mispricing*") due to an undetected programming error, bug, defect, error or glitch in our Online Trading Facility and/or any related software, or for any other reason, resulting in mispricing (for the purpose of this clause the "*error*"), we reserve the right to cancel such Transactions and/or Contracts upon notifying you of the nature of the computer error that led to the mispricing. You have a duty to report to us any problem, error or suspected system or other inadequacies that you may experience.
- 36.16. Without prejudice to any other provisions of this Agreement, should quoting and/or execution errors occur, which may include, but are not limited to, a dealer's mistype of a quote, a quote or trade which is not representative of the then prevailing Market Prices, an erroneous Price Quote from us or any third party, such as, but not limited to, an erroneous Price Quote due to failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors, we will not be liable for the resulting errors in your Account balances. In the event of a quoting or execution error, we reserve the right to make the necessary corrections or adjustments on the Account involved. Any dispute arising from such quoting or execution errors will be resolved by us in our sole and absolute discretion.
- 36.17. You understand that we cannot and do not guarantee or warrant that files and/or Software available for downloading through our Online Trading Facility will be free of infection or viruses, worms, Trojan horses or other code that manifest contaminating or destructive properties. You are responsible for implementing sufficient procedures and checkpoints to satisfy your particular requirements for accuracy of data input and output, and for maintaining means external to our Online Trading Facility for the reconstruction of any lost data.

- 39.3. We will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly

towards you but the fact that you may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an Order placed with us (or that you may have suffered or may suffer any loss of profit, consequential or indirect loss) shall not be taken into account by us in determining whether there has been a Manifest Error. We reserve the right, without prior notice, to:

39.6. If a Manifest Error has occurred and we choose to exercise any of our rights under clause 39.3, and if you have received any monies from us in connection with the Manifest Error, those monies are due and payable to us with immediate effect, and you must return an equal sum to us without delay.

39.7. We reserve the right to refuse any trades placed by you that we judge to be clearly outside the prevailing market price such that they may be deemed non-market price transactions, whether due to Manifest Error or stale, incorrect or broken price feeds.

- 43.2. However, technical reasons may prevent us from recording a conversation, and recordings or transcripts made by us will be destroyed in accordance with our normal practice. Consequently, you should not rely on such recordings to be available.
- 43.3. A copy of the records mentioned herein above will be available, on request, for a minimum period of seven (7) years.

However, as the latter is a regulatory requirement, in case you revoke your consent, we may be unable to provide our services to you; thus, your access to our Online Trading Facility may be restricted or terminated.

44. Corporate Events and Actions

- 44.1. In the case where an Instrument becomes subject to a corporate event as set out below (sub-clause 44.3), the Company will carry out the appropriate actions to adjust your trading account for the effect of the event on your position, preserving the economic equivalent of the rights and obligations attached to your Transaction and/or Contract with the Company, on the ex-date of the event (i.e., the day the affected instrument's price will incorporate the effect of the event). Subject to this sub-clause, the Company shall take the following actions:
- (a) Adjust the size and/or value and/or number of Orders as deemed appropriate, with the aim to preserve, to the greatest extent possible, the economic equivalent of your open positions;
 - (b) Endeavour to communicate the upcoming events and actions through any durable medium, including but not limited to the Company's website;
 - (c) Where you have a Pending Order or a Stop Loss and/or a Take Profit attached to your Orders, the Company aims to preserve, to the greatest extent possible, the equivalent of the rights and obligations of your Transaction and/or Contract immediately prior to the corporate event taking place;
 - (d) If a corporate event, such as a reverse stock split, results in share ownership below the minimum allowed by our systems, these positions will be rounded down to the nearest allowed trade size, with any value not captured by the position adjustment being reflected as a cash adjustment to your trading account.
- 44.2. Different actions may be followed by the Company in case you owned the underlying Instrument; however,

the Company will endeavor to preserve economic equivalence to the greatest extent possible.

44.3. Subject to sub-clause 44.1, corporate events shall include the following:

- (a) Distribution, by the issuer to the shareholders of the Underlying Instrument, of additional shares, other share capital, warrants or rights granting dividends that result in a dilutive effect on the market value;
- (b) Stock splits and reverse stock splits that result in a change in the number of shares owned and the share price. A split is a corporate event whereby a firm multiplies the number of existing shares by a certain ratio, e.g. 1:2 (this indicates that every existing share will translate into two shares). In the 1:2 case, the shareholders' shares will double, but given the firm's market capitalization will remain unchanged, the stock price will halve, maintaining economic equivalence; It should be noted that under such an event your positions may be consolidated into a single entry on the terminal which will of course capture the effect of the corporate action on all your positions;
- (c) Dividends; in case where an underlying instrument is granting dividends (equity index or stock), a cash adjustment will be made, equivalent to that paid to clients with an open position in the Underlying Instrument;
- (d) Delisting/voiding of a tradable Instrument that will result in the closing of positions; It should be noted that in order to protect the Company and its Clients, the Company reserves the right, at its sole discretion, to remove and/or seize offering financial instruments, whenever the issuing corporation of such instruments has filed for bankruptcy, even if such an action does not result in the corporation's liquidation; the mere filing of a corporation for bankruptcy, is deemed sufficient indication for the Company to proceed with the immediate delisting of the relevant financial instrument;
- (e) Takeovers or mergers (including spinoffs), depending on their terms may result in a cash adjustment similar to that of dividends;
- (f) Any other event of similar nature to the aforementioned events that may have a concentrating or dilutive effect on the market value of the Instrument.
